

Senate Bill No. 5—Committee of the Whole

CHAPTER.....

AN ACT relating to education; contingently reducing the amount previously appropriated for textbooks, instructional supplies and instructional hardware; revising provisions governing the required expenditures for textbooks, instructional supplies and instructional hardware by school districts; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law provided \$95,991,427 from the basic support guarantees per pupil for expenditure by the school districts for textbooks, instructional supplies and instructional hardware pursuant to the minimum expenditure requirements set forth in NRS 387.206. (Chapter 343, Statutes of Nevada 2007, p. 1560) **Section 3** of this bill contingently reduces the dollar amount for those expenditures to \$47,995,714.

**Section 4** of this bill contingently appropriates money from the State General Fund to the Department of Education for expenditure by the school districts for textbooks, instructional supplies and instructional hardware. Such an appropriation must be made if the Interim Finance Committee determines after December 1, 2008, based upon projections developed by the Fiscal Analysis Division, that the estimate of the unappropriated balance of the State General Fund projected for June 30, 2009, exceeds 5 percent of the State General Fund operating appropriations. In developing its projections, the Fiscal Analysis Division shall use the State General Fund revenue projections by the Economic Forum on or before December 1, 2008, and all other relevant information known to the Fiscal Analysis Division. The amount of the contingent appropriation is equal to the amount of the excess as determined by the Interim Finance Committee, not to exceed \$47,995,713. Such an appropriation must not be made if the excess is not equal to or more than \$1,000,000. If the appropriation is made and a school district does not meet its minimum expenditure requirements for Fiscal Year 2008-2009, the school district may carry that balance forward for Fiscal Year 2009-2010 for use in accordance with the minimum expenditure requirements prescribed in NRS 387.206.
