The percentage specified by the commission must be: 12
 - (a) Based upon a pro rata allocation of the total amount of credits available in that calendar year, as set forth in section 8 of this act; and

- The commission shall provide written notice to the nonrestricted 17 licensee and the division of its determination. 18
 - Sec. 8. The commission shall not approve more than \$500,000 in credits pursuant to section 7 of this act in one calendar year. - Sec. 11. 1. If a housing project is completed by a nonrestricted licensee and approved by the division, the division shall conduct a review to ensure that the housing project of the nonrestricted licensee complies with the conditions set forth in the written agreement entered into pursuant to section 9 of this act. The nonrestricted licensee shall comply with all requests for information by the division that are related to the review. A review must be conducted at least annually for the term of the written agreement.
- If, as a result of a review, the division determines that a nonrestricted licensee has violated a condition of the written agreement, the division shall provide written notice of the violation to the nonrestricted licensee. If the nonrestricted licensee does not correct the violation within the 24 prescribed period, the division shall provide written notice of the violation to the commission. Upon receipt of a written notice of such a violation, the commission shall issue to the nonrestricted licensee a written order to repay, in accordance with subsection 2 of section 13 of this act, the full amount of the credit that the nonrestricted licensee applied pursuant to section 12 of this act.

The credit must be applied in accordance with the regulations adopted by the commission pursuant to section 15 of this act.
- If the housing project is completed by the nonrestricted licensee 40 and approved by the division within 2 years after the effective date of the 41 written agreement, apply a credit against the fees imposed pursuant to NRS 463.370 for the 12 months immediately succeeding the approval of

- the housing project in an amount which is equal to the remaining balance of the total credit that was specified in the written agreement pursuant to paragraph (a) of subsection 1 of section 9 of this act. The credit must be applied in accordance with the regulations adopted by the commission pursuant to section 15 of this act.
- Sec. 13. 1. If a housing project is not completed by a nonrestricted licensee and approved by the division within 2 years after the effective date of the written agreement, the nonrestricted licensee shall repay to the commission the amount of the credit that he applied pursuant to subsection 1 of section 12 of this act. The nonrestricted licensee shall pay interest on the amount due at the rate most recently established pursuant to NRS 99.040 for each month, or portion thereof, from the last day of the month following the period for which the payment would have been made had the credit on the fees not been granted until the date of the actual payment of the fees.
- 2. The nonrestricted licensee shall pay interest on the amount due at the rate most recently established pursuant to NRS 99.040 for each month, or portion thereof, from the last day of the month following the period for which the payment would have been made had the credit on the fees not been granted until the date of the actual payment of the fees.

- The commission may adopt regulations necessary to carry out the provisions of sections 7, 8, 12 and 13 of this act. 12
 - **Sec. 16.** NRS 463.370 is hereby amended to read as follows: 463.370 1. Except as otherwise provided in NRS 463.373, and sections 2 to 15, inclusive, of this act, the commission shall charge and collect from each licensee a license fee based upon all the gross revenue of the licensee as follows:

Three percent of all the gross revenue of the licensee which does not exceed \$50,000 per calendar month;

Four percent of all the gross revenue of the licensee which exceeds \$50,000 per calendar month and does not exceed \$134,000 per calendar month: and

Six and one-quarter percent of all the gross revenue of the licensee which exceeds \$134,000 per calendar month.

Unless the licensee has been operating for less than a full calendar month, the commission shall charge and collect the fee prescribed in subsection 1, based upon the gross revenue for the preceding calendar month, on or before the 24th day of the following month. Except for the fee based on the first full month of operation, the fee is an estimated payment of the license fee for the third month following the month whose gross revenue is used as its basis.

3. When a licensee has been operating for less than a full calendar month, the commission shall charge and collect the fee prescribed in subsection 1, based on the gross revenue received during that month, on or before the 24th day of the following calendar month of operation. After the first full calendar month of operation, the commission shall charge and collect the fee based on the gross revenue received during that month, on or before the 24th day of the following calendar month. The payment of the fee due for the first full calendar month of operation must be accompanied by the payment of a fee equal to three times the fee for the first full calendar month. This additional amount is an estimated payment

of the license fees for the next 3 calendar months. Thereafter, each license fee must be paid in the manner described in subsection 2. Any deposit held by the commission on July 1, 1969, must be treated as an advance estimated payment.

- All revenue received from any game or gaming device which is operated on the premises of a licensee, regardless of whether any portion of the revenue is shared with any other person, must be attributed to the licensee for the purposes of this section and counted as part of the gross revenue of the licensee. Any other person who is authorized to receive a share of the revenue is liable to the licensee for his proportionate share of the license fees paid pursuant to this section.
- Any person required to pay a fee pursuant to this section shall file with the commission, on or before the 24th day of each calendar month, a report showing the amount of all gross revenue received during the preceding calendar month. Each report must be accompanied by:
- (a) The fee due based on the revenue of the month covered by the report: and

- (b) An adjustment for the difference between the estimated fee previously paid for the month covered by the report, if any, and the fee due for the actual gross revenue earned in that month. If the adjustment is less than zero, a credit must be applied to the estimated fee due with that report.
- If the amount of license fees required to be reported and paid pursuant to this section is later determined to be greater or less than the amount actually reported and paid, the commission shall:
- (a) Charge and collect the additional license fees determined to be due, with interest thereon until paid; or
- (b) Refund any overpayment to the person entitled thereto pursuant to this chapter, with interest thereon. 28
 - Interest must be computed at the rate prescribed in NRS 17.130 from the first day of the first month following either the due date of the additional license fees or the date of overpayment until paid.
 - Failure to pay the fees provided for in this section shall be deemed a surrender of the license at the expiration of the period for which the estimated payment of fees has been made, as established in subsection 2.
 - Except as otherwise provided in NRS 463.386, the amount of the fee prescribed in subsection 1 must not be prorated.
 - 9. Except as otherwise provided in NRS 463.386, if a licensee ceases operation, the commission shall:
- (a) Charge and collect the additional license fees determined to be due 39 with interest; or 40
- (b) Refund any overpayment, with interest thereon, to the licensee, 41

- based upon the gross revenue of the licensee during the last 3 months
- 2 immediately preceding the cessation of operation, or portions of those last
- 3 3 months.
- 10. If in any month, the amount of gross revenue is less than zero, the
- 5 licensee may offset the loss against gross revenue in succeeding months
- 6 until the loss has been fully offset.
- 7 11. If in any month, the amount of the license fee due is less than zero,
- 8 the licensee is entitled to receive a credit against any license fees due in
- 9 succeeding months until the credit has been fully offset.
