26 interests of the state, its local or regional entities, or its citizens as these
27 interests are affected by policies and activities involving the use of federal

30 ***whose governing body has adopted a master plan pursuant to NRS***
31 ***278.220 from representing its own interests in accordance with section 2***
32 ***of this act.***

33 **Sec. 6.** 1. The legislature hereby finds and declares that:

34 **(a)** Esmeralda, Lincoln and Nye counties contain species and subspecies
35 of wildlife that have been or are likely to be declared endangered or
36 threatened pursuant to the federal Endangered Species Act of 1973, as
37 amended;

38 **(b)** These counties are not authorized currently to carry out programs for
39 the preservation of endangered or threatened species or subspecies of
40 wildlife;

1 (c) The declaration of species and subspecies of wildlife in Esmeralda,
2 Lincoln and Nye counties as endangered or threatened will have a serious
3 adverse effect on the economy of those counties and on the lifestyles of
4 their residents; and

5 (d) Because a general law cannot be made applicable because of the
6 economic and geographical diversity of these rural counties, it is necessary
7 by special act to provide a means by which Esmeralda, Lincoln and Nye
8 counties may promote the protection of their natural resources while
9 simultaneously protecting their human and financial resources.

10 2. The board of county commissioners of Esmeralda, Lincoln or Nye
11 County, individually or jointly by interlocal agreement, may by ordinance
12 establish, control, manage and operate or provide money for the
13 establishment, control, management and operation of an area or zone for
14 the preservation of a species or subspecies of wildlife that has been
15 declared endangered or threatened pursuant to the federal Endangered
16 Species Act of 1973, as amended. In addition, the board of county
17 commissioners, in cooperation with the responsible state and federal
18 agencies, may encourage in any other manner the preservation of those
19 species or subspecies or any species or subspecies of wildlife in the county
20 which have been determined by the board of county commissioners to be
21 likely to have a significant impact upon the economy and lifestyles of the
22 residents of the county if listed as endangered or threatened, including,
23 without limitation, the expenditure for this purpose of money collected
24 pursuant to subsection 3 or the participation in an agreement made pursuant
25 to NRS 503.589. The board of county commissioners may purchase, sell,
26 exchange or lease real property, personal property, water rights, grazing
27 permits and other interests in such property for this purpose, pursuant to
28 such reasonable regulations as the board of county commissioners may
29 establish. If any such property, rights or other interests are purchased from
30 a nonprofit organization, the board of county commissioners may reimburse
31 the organization for its cost of acquisition, not to exceed its appraised
32 value, and any interest, carrying costs, direct expenses and reasonable
33 overhead charges.

34 3. The board of county commissioners may, by ordinance, impose a
35 reasonable fee of not more than \$550 per acre on the construction of a
36 structure or the grading of land in the unincorporated areas of the county
37 for the expense of carrying out the provisions of subsection 2. Except as
38 otherwise provided in this subsection, the fee must be collected at the same
39 time and in the same manner as the fee for the issuance of a building permit
40 collected pursuant to NRS 278.580. If a county does not issue building
41 permits in all areas of the county, the fee must be collected before the
42 construction of a structure or the grading of land in an area of the county in
43 which the county does not issue building permits.

1 4. If a fee is imposed pursuant to subsection 3, the board of county
2 commissioners shall create an enterprise fund exclusively for fees collected
3 pursuant to subsection 3. Any interest or other income earned on the money
4 in the fund, after deducting any applicable charges, must be credited to the
5 fund. The money in the fund may only be used to pay the actual direct costs
6 of the program or programs established pursuant to subsection 2.
7 **Sec. 7.** This act becomes effective upon passage and approval.
