AN ACT relating to electric services; requiring electric utilities and alternative sellers to disclose to customers certain information concerning electric services and any products and services relating thereto; setting forth the types of information that must be disclosed by the electric utilities and alternative sellers; requiring the public utilities commission of Nevada to adopt regulations; and providing other matters properly relating thereto.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

- 1 **Section 1.** Chapter 704 of NRS is hereby amended by adding thereto a
2 new section to read as follows:
3 ***1. On and after October 1, 2001, each electric utility shall disclose to***
4 ***its customers information about electric services, and any products and***
5 ***services relating thereto, that are being provided to or purchased for***
6 ***those customers by the electric utility. The disclosure must:***
7 ***(a) Be in a standard, uniform format established by the commission by***
8 ***regulation;***
9 ***(b) Be included:***
10 ***(1) At least two times each calendar year, as an insert in the bills***
11 ***that the electric utility sends to its customers; and***
12 ***(2) If the electric utility maintains a website on the Internet or its***
13 ***successor, if any, on that website; and***
14 ***(c) Include adequate information so that a customer can readily***
15 ***evaluate his options for obtaining electric services or any products or***
16 ***services relating thereto.***

- 1 2. *A disclosure required by this section must include, if applicable:*
2 (a) *The average mix of fuel sources used to create the electricity,*
3 *including, without limitation, oil, coal, gas, solar energy, hydroelectric*
4 *energy, wind, biofuel, nuclear energy, energy from the incineration of*
5 *solid waste, biomass and any other specific source that is used to*
6 *generate the electricity provided to the customer. An electric utility may,*
7 *if available, use a regional average that has been determined by the*
8 *commission for that portion of electricity purchased by the customer for*
9 *which the specific mix of fuel sources cannot be discerned.*
10 (b) *The average emissions, measured in pounds per megawatt hour, of*
11 *high-level radioactive waste generated, if any, sulfur dioxide, carbon*
12 *dioxide, oxides of nitrogen, heavy metals and any other emission that the*
13 *commission, in cooperation with the division of environmental protection*
14 *of the state department of conservation and natural resources,*
15 *determines may cause a significant health or environmental impact and*
16 *for which sufficiently accurate and reliable data is available. If an*
17 *electric utility uses a regional average for the mix of fuel sources*
18 *pursuant to paragraph (a), the electric utility shall, if available, also use*
19 *a regional calculation for emissions that has been determined by the*
20 *commission.*
21 (c) *Information concerning customer service.*
22 (d) *Information concerning energy programs that provide assistance*
23 *to persons with low incomes, including information on applying for these*
24 *programs.*
25 3. *An electric utility:*
26 (a) *Shall make the disclosures required pursuant to this section in*
27 *accordance with the requirements adopted by the commission as to form*
28 *and substance; and*
29 (b) *Shall ensure that it provides the information in compliance with*
30 *all applicable state and federal law governing unfair advertising and*
31 *labeling.*
32 4. *The commission shall adopt such regulations concerning form*
33 *and substance for the disclosures required by this section as are*
34 *necessary to ensure that customers are provided with sufficient*
35 *information so that they can readily evaluate their options for obtaining*
36 *electric services and any products and services relating thereto.*
37 5. *On and after the date upon which customers may begin obtaining*
38 *generation, aggregation, metering, billing and any other potentially*
39 *competitive services from alternative sellers, an alternative seller is*
40 *subject to all of the provisions of this section that are applicable to an*
41 *electric utility.*
42 6. *As used in this section:*
43 (a) *“Biomass” means crops grown specifically for the production of*
44 *energy and organic waste.*
45 (b) *“Electric utility” includes an electric distribution utility and a*
46 *vertically integrated electric utility, and any affiliate or successor*
47 *organization thereof.*

1 **Sec. 2.** NRS 704.965 is hereby amended to read as follows:
2 704.965 As used in NRS 704.965 to 704.990, inclusive, *and section 1*
3 *of this act*, unless the context otherwise requires, the words and terms
4 defined in NRS 704.966 to 704.975, inclusive, have the meanings ascribed
5 to them in those sections.
