6 **Sec. 16.** NRS 350.020 is hereby amended to read as follows:

7 350.020 1. Except as otherwise provided by subsections 3 and 4, if a
8 municipality proposes to issue or incur general obligations, the proposal
9 must be submitted to the electors of the municipality at a special election
10 called for that purpose or the next general municipal election or general
11 state election.

12 2. Such a special election may be held:

13 (a) At any time, including, without limitation, on the date of a primary
14 municipal election or a primary state election, if the governing body of the
15 municipality determines, by a unanimous vote, that an emergency exists; or

16 (b) On the first Tuesday after the first Monday in June of an odd-
17 numbered year.

18 The determination made by the governing body is conclusive unless it is
19 shown that the governing body acted with fraud or a gross abuse of
20 discretion. An action to challenge the determination made by the governing
21 body must be commenced within 15 days after the governing body's
22 determination is final. As used in this subsection, "emergency" means any
23 occurrence or combination of occurrences which requires immediate action
24 by the governing body of the municipality to prevent or mitigate a

26 body to provide an essential service to the residents of the municipality.

27 3. If payment of a general obligation of the municipality is additionally
28 secured by a pledge of gross or net revenue of a project to be financed by
29 its issue, and the governing body determines, by an affirmative vote of
30 two-thirds of the members elected to the governing body, that the pledged
31 revenue will at least equal the amount required in each year for the
32 payment of interest and principal, without regard to any option reserved by
33 the municipality for early redemption, the municipality may, after a public
34 hearing, incur this general obligation without an election unless, within 60
35 days after publication of a resolution of intent to issue the bonds, a petition
36 is presented to the governing body signed by not less than 5 percent of the
37 registered voters of the municipality who together with any corporate
38 petitioners own not less than 2 percent in assessed value of the taxable
39 property of the municipality. Any member elected to the governing body
40 whose authority to vote is limited by charter, statute or otherwise may vote
41 on the determination required to be made by the governing body pursuant
42 to this subsection. The determination by the governing body becomes
43 conclusive on the last day for filing the petition. For the purpose of this
44 subsection, the number of registered voters must be determined as of the
45 close of registration for the last preceding general election and assessed
46 values must be determined from the next preceding final assessment roll.
47 An authorized corporate officer may sign such a petition whether or not he
48 is a registered voter. The resolution of intent need not be published in full,
49 but the publication must include the amount of the obligation and the

* S B 5 5 3 R 2 *

1 purpose for which it is to be incurred. Notice of the public hearing must be
2 published at least 10 days before the day of the hearing. The publications
3 must be made once in a newspaper of general circulation in the
4 municipality. When published, the notice of the public hearing must be at
5 least as large as 5 inches high by 4 inches wide.

6 4. The board of trustees of a school district may issue general
7 obligation bonds which are not expected to result in an increase in the
8 existing property tax levy for the payment of bonds of the school district
9 without holding an election for each issuance of the bonds if the qualified
10 electors approve a question submitted by the board of trustees that
11 authorizes issuance of bonds for a period of 10 years after the date of
12 approval by the voters. If the question is approved, the board of trustees of
13 the school district may issue the bonds for a period of 10 years after the
14 date of approval by the voters, after obtaining the approval of the debt
15 management commission in the county in which the school district is

29 reserve account must be established and maintained in an amount at least
30 equal to the lesser of the amount of principal and interest payments due on
31 all of the outstanding bonds of the school district in the next fiscal year or
32 10 percent of the outstanding principal amount of the outstanding bonds of
33 the school district. If the amount in the reserve account falls below the
34 amount required by this subsection:

35 (a) The board of trustees shall not issue additional bonds pursuant to
36 subsection 4 until the reserve account is restored to the level required by
37 this subsection; and

38 (b) The board of trustees shall apply all of the taxes levied by the school
39 district for payment of bonds of the school district that are not needed for
40 payment of the principal and interest on bonds of the school district in the
41 current fiscal year to restore the reserve account to the level required
42 pursuant to this subsection.

43 6. A municipality may issue special or medium-term obligations

31 Except as otherwise provided in this subsection, the final budget must be
32 adopted on or before June 1 of each year. The final budgets of school
33 districts must be adopted on or before June 8 of each year and must be
34 accompanied by copies of the written report and written procedure
35 prepared pursuant to subsection 3 of NRS 385.351. Should the governing
36 body fail to adopt a final budget that complies with the requirements of law
37 and the regulations of the ~~department of taxation~~ *committee on local*
38 *government finance* on or before the required date, the budget adopted and
39 approved by the department of taxation for the current year, adjusted as to
40 content and rate in such a manner as the department of taxation may
41 consider necessary, automatically becomes the budget for the ensuing
42 fiscal year. When a budget has been so adopted by default, the governing
43 body may not reconsider the budget without the express approval of the
44 department of taxation. If the default budget creates a combined ad
45 valorem tax rate in excess of the limit imposed by NRS 361.453, the
46 Nevada tax commission shall adjust the budget as provided in NRS
47 361.4547 or 361.455.

48 3. The final budget must be certified by a majority of all members of
49 the governing body and a copy of it, together with an affidavit of proof of

1 publication of the notice of the public hearing, must be transmitted to the
2 Nevada tax commission. If a tentative budget is adopted by default as
3 provided in subsection 2, the clerk of the governing body shall certify the
4 budget and transmit to the Nevada tax commission a copy of the budget,
5 together with an affidavit of proof of the notice of the public hearing, if
6 that notice was published. Certified copies of the final budget must be
7 distributed as determined by the department of taxation.

8 4. Upon the adoption of the final budget or the amendment of the
9 budget in accordance with NRS 354.606, the several amounts stated in it as
10 proposed expenditures are appropriated for the purposes indicated in the
11 budget.

12 5. No governing body may adopt any budget which appropriates for
13 any fund any amount in excess of the budget resources of that fund.

14 6. On or before January 1 of each school year, each school district
15 shall adopt an amendment to its final budget after the count of pupils is
16 completed pursuant to subsection 1 of NRS 387.1233. The amendment
17 must reflect any adjustments necessary as a result of the completed count
18 of pupils.

19 **Sec. 37.** NRS 354.59811 is hereby amended to read as follows:

20 354.59811 1. Except as otherwise provided in NRS 354.59813,
21 354.59815, 354.5982, 354.5987, 354.59871, 354.705, 354.723, 450.425,
22 450.760, 540A.265 and 543.600, and section 4 of *Senate Bill No. 203 of*
23 *this ~~act~~ session*, for each fiscal year beginning on or after July 1, 1989,
24 the maximum amount of money that a local government, except a school
25 district, a district to provide a telephone number for emergencies ~~H~~ or a
26 redevelopment agency, may receive from taxes ad valorem, other than
27 those attributable to the net proceeds of minerals or those levied for the
28 payment of bonded indebtedness and interest thereon incurred as general
29 long-term debt of the issuer, or for the payment of obligations issued to pay
30 the cost of a water project pursuant to NRS 349.950, or for the payment of
31 obligations under a capital lease executed before April 30, 1981, must be
32 calculated as follows:

33 (a) The rate must be set so that when applied to the current fiscal year's
34 assessed valuation of all property which was on the preceding fiscal year's
35 assessment roll, together with the assessed valuation of property on the
36 central assessment roll which was allocated to the local government, but
37 excluding any assessed valuation attributable to the net proceeds of
38 minerals, assessed valuation attributable to a redevelopment area and
39 assessed valuation of a fire protection district attributable to real property
40 which is transferred from private ownership to public ownership for the
41 purpose of conservation, it will produce 106 percent of the maximum
42 revenue allowable from taxes ad valorem for the preceding fiscal year,
43 except that the rate so determined must not be less than the rate allowed for
44 the previous fiscal year, except for any decrease attributable to the
45 imposition of a tax pursuant to NRS 354.59813 in the previous year.

46 (b) This rate must then be applied to the total assessed valuation,
47 excluding the assessed valuation attributable to the net proceeds of
48 minerals and the assessed valuation of a fire protection district attributable
49 to real property which is transferred from private ownership to public

1 ownership for the purpose of conservation , but including new real
2 property, possessory interests and mobile homes, for the current fiscal year
3 to determine the allowed revenue from taxes ad valorem for the local
4 government.

5 2. As used in this section, "general long-term debt" does not include
6 debt created for medium-term obligations pursuant to NRS ~~350.085~~
7 ~~350.087~~ to 350.095, inclusive.

8 **Sec. 38.** NRS 354.59817 is hereby amended to read as follows:

9 354.59817 1. In addition to the allowed revenue from taxes ad
10 valorem determined pursuant to NRS 354.59811, upon the approval of a
11 majority of the registered voters of a county voting upon the question, the
12 board of county commissioners may levy a tax ad valorem on all taxable
13 property in the county at a rate not to exceed 15 cents per \$100 of the
14 assessed valuation of the county. A tax must not be levied pursuant to this
15 section for more than 10 years.

16 2. The board of county commissioners shall direct the county treasurer
17 to distribute quarterly the proceeds of any tax levied pursuant to the
18 provisions of this section among the county and the cities and towns within
19 that county in the proportion that the supplemental city-county relief tax
20 distribution factor of each of those local governments for the 1990-1991
21 fiscal year bears to the sum of the supplemental city-county relief tax
22 distribution factors of all of the local governments in the county for the
23 1990-1991 fiscal year.

24 3. The board of county commissioners shall not reduce the rate of any
25 tax levied pursuant to the provisions of this section without the approval of
26 each of the local governments that receives a portion of the tax, except that,
27 if a local government declines to receive its portion of the tax in a
28 particular year the levy may be reduced by the amount that local
29 government would have received.

30 4. The governing body of each local government that receives a
31 portion of the revenue from the tax levied pursuant to this section shall
32 establish a separate fund for capital projects for the purposes set forth in
33 this section. All interest and income earned on the money in the fund must
34 also be deposited in the fund. The money in the fund may only be used for:

35 (a) The purchase of capital assets including land, improvements to land
36 and major items of equipment;

37 (b) The construction or replacement of public works; and

38 (c) The renovation of existing governmental facilities, not including
39 normal recurring maintenance.

40 The money in the fund must not be used to finance the issuance or the
41 repayment of bonds or other obligations, including medium-term
42 obligations ~~and~~ *and installment-purchase agreements.*

43 5. Money may be retained in the fund for not more than 10 years to
44 allow the funding of projects without the issuance of bonds or other
45 obligations. For the purpose of determining the length of time a deposit of
46 money has been retained in the fund, all money withdrawn from the fund
47 shall be deemed to be taken on a first-in, first-out basis. No money in the
48 fund at the end of the fiscal year may revert to any other fund, nor may the

1 money be a surplus for any other purpose than those specified in this
2 section.

3 6. The annual budget and audit report of each local government must
4 specifically identify this fund and must indicate in detail the projects that
5 have been funded with money from the fund. Any planned accumulation of
6 the money in the fund must also be specifically identified.

7 7. The projects on which money raised pursuant to this section will be
8 expended must be approved by the voters in the question submitted
9 pursuant to subsection 1 or in a separate question submitted on the ballot at
10 a ~~primary~~ general or special election.

11 **Sec. 39.** NRS 354.59891 is hereby amended to read as follows:

14 by the building officer of a local government which authorizes the
15 construction of a structure.

16 (b) "Building permit basis" means the combination of the rate and the
17 valuation method used to calculate the total building permit fee.

18 (c) "Building permit fee" means the total fees that must be paid before
19 the issuance of a building permit, including without limitation, all permit
20 fees and inspection fees. The term does not include, without limitation, fees
21 relating to water, sewer or other utilities, residential construction tax, tax
22 for the improvement of transportation imposed pursuant to NRS 278.710,
23 any fee imposed pursuant to NRS 244.386 or any amount expended to
24 change the zoning of the property.

25 (d) "Current asset" means any cash maintained in an enterprise fund and
26 any interest or other income earned on the money in the enterprise fund
27 that, at the end of the current fiscal year, is anticipated by a local
28 government to be consumed or converted into cash during the next ensuing
29 fiscal year.

30 (e) "Current liability" means any debt incurred by a local government to

32 end of the current fiscal year, is determined by the local government to
33 require payment within the next ensuing fiscal year.

34 (f) "Operating cost" means the amount paid by a local government for

39 fiscal year.

40 2. Except as otherwise provided in subsections 3 and 4, a local

42 amount equal to the building permit basis on June 30, 1989, multiplied by a
43 percentage equal to the percentage increase in the consumer price index
44 from January 1, 1988, to the January 1 next preceding the fiscal year for
45 which the calculation is made.

46 3. A local government may submit an application to increase its
47 building permit basis by an amount greater than otherwise allowable
48 pursuant to subsection 2 to the Nevada tax commission. The Nevada tax
49 commission may allow the increase only if it finds that:

* S B 5 5 3 R 2 *

1 (a) Emergency conditions exist which impair the ability of the local
2 government to perform the basic functions for which it was created; or

3 (b) The building permit basis of the local government is substantially
4 below that of other local governments in the state and the cost of providing
5 the services associated with the issuance of building permits in the
6 previous fiscal year exceeded the total revenue received from building
7 permit fees, excluding any amount of residential construction tax collected,
8 for that fiscal year.

9 4. Upon application by a local government, the Nevada tax
10 commission shall exempt the local government from the limitation on the
11 increase of its building permit basis if:

13 building permit fees;

20 (d) The local government does not use any of the money in the
21 enterprise fund for any purpose other than the actual direct and indirect
22 costs of the program for the issuance of building permits, including without
23 limitation, the cost of checking plans, issuing permits, inspecting buildings
24 and administering the program. The ~~executive director of the department~~
25 ~~of taxation~~ *committee on local government finance* shall adopt
26 regulations governing the permissible expenditures from an enterprise fund
27 pursuant to this paragraph.

28 5. In addition to the balance of unreserved working capital authorized
29 pursuant to subsection 4, the local government may maintain in an
30 enterprise fund created pursuant to this section an amount of working
31 capital for the following purposes:

32 (a) An amount sufficient to pay the debt service for 1 year on any debt
33 incurred by the local government to provide the services associated with
34 issuing building permits;

35 (b) An amount that does not exceed the total amount of expenditures for
36 the program for the issuance of building permits of the local government
37 set forth in the capital improvement plan of the local government prepared
38 pursuant to NRS 354.5945 for the current fiscal year; and

39 (c) An amount that does not exceed 4 percent of the annual operating
40 costs of the program for the issuance of building permits of the local
41 government which must be used to pay for unanticipated capital
42 replacement.

43 6. Any amount in an enterprise fund created pursuant to this section
44 that is designated for special use, including, without limitation, prepaid
45 fees and any other amount subject to a contractual agreement, must be
46 identified as a restricted asset and must not be included as a current asset in
47 the calculation of working capital.

48 7. If a balance in excess of the amount authorized pursuant to
49 subsections 4 and 5 is maintained in an enterprise fund created pursuant to

1 this section at the close of 2 consecutive fiscal years, the local government
2 shall reduce the building permit fees it charges by an amount that is
3 sufficient to ensure that the balance in the enterprise fund at the close of the
4 fiscal year next following those 2 consecutive fiscal years does not exceed
5 the amount authorized pursuant to subsections 4 and 5.

5 cause to be imposed the additional taxes and charges included in the plan
6 for the duration stated in the plan or until the severe financial emergency
7 has been determined by the Nevada tax commission to have ceased to
8 exist.

9 6. The allowed revenue from taxes ad valorem determined pursuant to
