*making recovery happen

To Assemblywoman Giunchigliani
Fax: 684-8888

The board of the Human Potential Development, Inc and I support bill
A.J.R.3.

It is high time to change outdated language and ideas concerning people with
a brain disorder. People with brain disorders are intelligent and these
disorders are treatable.

Thank you for correcting this misunderstanding/stigma with the changes you
recommend in this bill.

Sincerely,

Rosetta Johnson, M.P.A.
President, CEO
