## Amendment to AB 119

The purpose of the bill is to prohibit a pharmacist from changing an expiration date sooner the manufacturer date.

The language in the bill states the opposite and should be amended.

Change Section 6 to read:

"Except as otherwise provided in this subsection, the expiration date of the effectiveness of the drug or medicine dispensed, if that information is required to be included on the original label of the manufacturer of the drug or medicine. The *practitioner (pharmacist)* may not specify on the label or other device for the drug or medicine an expiration date that is earlier than the expiration date specified by the manufacturer.
