Amendment to ACR 19

Matter in ***bolded italics*** is new.

Amend the resolution by adding sections 4, 5, 6, 7 and 8 as follows:

- 4. The state of current competition and future competitive trends in the northern and southern Nevada markets for telecommunications services; and***
- 5. The pricing trends to various customer classes of telecommunication services since the passage of SB 440; and***
- 6. How investment in broadband networks by both competitive local exchange carriers (CLECs) and incumbent local exchange carriers (ILECs) can be encouraged through public policy changes; and***
- 7. Methods to promote deployment of affordable broadband services to all classes of consumers; and***
- 8. The appropriate scope of future regulation of telecommunications services and products to promote an orderly transition to a functionally competitive market prior to further changes to regulations which are not otherwise required to comply with State laws enacted during the 72nd session of the Nevada legislature or as may be required to implement federal telecommunications requirements; and be it further***

Amend the resolution by adding:

RESOLVED, That the Bureau of Consumer Protection in the Office of the Attorney General will provide technical assistance, cost and pricing data collection and compilation including components of bundled services, and administrative support to the advisory committee and the interim committee, and to assist in drafting proposals for consideration by the committees; and be it further
