Below are two different suggested amendments to consider:

Amend the bill to provide that the Legislature shall provide by law for the number, terms, and appointment or selection of members of the Board of Regents.

Or amend sec. 7 subsection 2, line 13, insert, "four" and insert after Governor, and three elected by the people, each will run from one of our congressional districts.

Delete 2 (a), (b), (c), (d) and insert one member who has previous experience in education. Then reletter the other groups noted in the bill. I am open to suggestions as to which other groups can recommend names for consideration to the Governor.
