Dear members of the Assembly Government Affair:

Greetings to everyone. It has been a pleasure this last couple of weeks to watch each of you at work on the Government Affairs Committee. Each of you are to be commended for your hard work and knowledge. As a newly formed committee you are working in a very professional manner. Keep up the good work.

Tomorrow Assemblyman Bernie Anderson will be introducing a bill for the City of Sparks. This bill was drafted by our Charter Committee. Our Charter committee is comprised of very professional citizens and have spent several months working on this bill.

I support Assemblymen Anderson and the Charter Committee and support this bill.

Any questions feel free to call me.
