Like you've heard from Ashley and Sarah, we educate young children on the harms of tobacco and second hand smoke. When presenting the most frequently asked question is, If it's so bad, then why is it legal?

By passing AB 96 you'll help us send a message to these kids. That even though it is not illegal, we will do our best in protecting them from the harms of second hand smoke .

As a concerned young person, and member of TATU, I feel strongly about advocating against second hand smoke.

Thank you for allowing us to present today. We'll do our best to answer any questions you have at this time.
