**AMENDMENT PROPOSED  
TO ADDRESS ISSUES RAISED BY THE  
NEVADA CATTLEMEN'S ASSOCIATION**

**Senator Dean A. Rhoads**

May 12, 2003

Two issues have been raised by the Nevada Cattlemen's Association relative to the First Reprint of Senate Bill 76. I support the following amendments to address both of these matters:

- Change the "trigger" to specify that Section 1 becomes effective if a court of competent jurisdiction invalidates all of Section 6 or **paragraph a** of Section 6.
- In Section 2 relative to appurtenance of the new water right, delete the reference to land located **contiguous** to the land on which the livestock is watered, and replace it with **other land in Nevada that is benefited by the livestock being watered and is capable of being used in conjunction with the livestock operation** (with reference to the base property as described in federal regulation or other related land owned by the rancher).
