NDOT TESTIMONY ON AB 83

February 20, 2003

Good afternoon Madam Chairwoman, and members of the Assembly Transportation Committee. For the record, my name is Michael Lawson and I am the Nevada Department of Transportation Traffic Information Division Chief.

I am here today to advise the committee that NDOT has no problems with the changes to NRS 484 proposed by AB 83, and we do not oppose it. Additionally, we have discussed the Bill with the U.S. Department of Transportation, Federal Highway Administration and they have advised us that the changes would comply with Federal Law and would not jeopardize Federal Funds.

At this time I will try to answer any questions regarding this legislation from our perspective.
