Please note that you must meet these technical requirements to use the system properly:

1) Please use the most current Web browser, Netscape Navigator 7.0 or Microsoft Internet Explorer 6. You can download Netscape Navigator or Microsoft Internet Explorer browsers for free at http://channels.netscape.com/ns/browsers/download.jsp or http://www.microsoft.com/ie

2) You must have cookies enabled in your browser.

3) If you use AOL, you can dial-up through AOL. However, you must actively minimize the AOL "welcome" screen and then open Netscape Navigator or Microsoft Internet Explorer to access http://www.culturegrants-nv.org. The AOL browser is incompatible with this application.

4) We highly recommend that you compose and save all narrative responses first in Microsoft Word, or another word processing software program. It is essential that you save your work in MS Word as "text only." When you save your work for the first time in MS Word, you select "Save As" from the File menu. The "Save As" dialog box appears. Choose "text only" from the "Save as Type" drop down box. Your work will save as "text only" from this moment forward. You will know this is happening because your filename will end in .txt instead of .doc. When you are ready to copy the response and paste it into the eApplication, select the Copy and Paste functions from the Edit menu.
