SB-46

Dear Chairman Arberry and Members:

On behalf of the members of the Lake Tahoe Transportation & Water Quality Coalition, we urge your strong support for SB-46.

The passage of SB-46, authorizing the issuance of general obligation bonds to continuing carrying out Nevada's portion of the Lake Tahoe Environmental Improvement Program, is vital to our ongoing Tahoe partnership efforts to preserve and protect Lake Tahoe for this and future generations.

We greatly appreciate the leadership the State of Nevada has shown in funding its EIP projects and programs, and in the cooperative efforts of the State agencies and staff involved in supporting "on the ground" EIP improvements.

Thank you for your consideration and support for SB-46.
