January 31, 2003

Dear Legislative Staff and Lobbyists:

We would like to cordially invite you to attend a short presentation and live broadcast of the JASON Project on Thursday, February 6, 2003, in Room 4100 of the Legislative Building at 8:00 a.m. Your presenters will be Mrs. Sharon Pearson and five of her fifth grade students from Sheila Tarr Elementary School in Las Vegas.

The JASON Project is a multidisciplinary program that sparks the imagination of students and enhances their classroom experience. From oceans to rainforests, from polar regions to volcanoes, the JASON Project explores Planet Earth and exposes students to leading scientists who work with them to examine its biological and geological development. JASON XIV (2002-2003) will take students on an exciting journey to the unique Channel Islands.

If your schedule does not permit you to be with us at the morning session, please drop by Room 4100 during the day. Live broadcasts can be viewed at 10:00 a.m., 11:30 a.m., and 1:00 p.m. Our teacher and students will be available to answer your questions.

We truly hope you will join us to learn about the JASON Project. Thank you for your interest.

Sincerely,

Joyce Woodhouse
Co-chair

EXHIBIT D Senate Committee on Finance
