Good Morning Legislatures

My name is Marie Hoagland

I am a consumer

I would like to speak on how the budget reflect on me

There a so many things that need to be done in the

Mental Health field & there are no funds available to

take care of these things without the necessary funding.

there will be a lots of people that require services that

will become unavailable to them and they will be out on

the streets or hospitalized. . The funding is critical so

more people can be helped. This is one of the reasons we

need more resources to help those who require the services

at N. NV Mental Health Services.. At PRP I can be

somebody and have someplace to go where I feel

comfortable. At PRP I can help others

while helping myself.

That concludes my testimony

I encourage your support of the budget.

I will be glad to answer any questions.
