**Requires State Health Officer or person designated by Administrator of Health Division of Department of Human Resources to analyze information reported by health facilities concerning cancer to determine trends in incidence of cancer. (BDR 40-75)**

There were two amendments proposed:

*A Member of the Public From Fallon*

1. Require registry to use patient zip codes to track future clusters; and

*Randall Todd, M.D.*

2. If enacted, include a letter of intent from the Committee on Human Resources and Facilities that the provisions apply to conditions that:
  - Are statistically significant incidents;
  - Have a reasonable chance that there is a preventable cause; and
  - Can be evaluated, subject to available resources.
