Mr. Chairman and members of the committee, my name is Peter Sidlow from Las Vegas Nevada and I am a partner in Victorian Casino Antiques an antique auction company.

I am here in support of the wording contained in Paragraphs 4 and 9 of Section 19 of SB432.

Under the existing Statutes, the sale of any gambling device requires a distributors license wheather the device was an antique or new computerized, electronic device used by casinos today.

The proposed changes, which I support, would allow the sale of antique slot machines, such as ones shown in the pictures attached without the need for the seller to obtain a distributors license.

The types of items shown in the attached pictures are very collectible and they are legal to be owned in approximately 45 states today. They are, in my opinion, works of art and marvels of mechanical engineering, but not practical for use by a gambling establishment in this day and age.

I hope you will be able to support the change of wording in these sections.

Thank you very much.

65-4
