CHAPTER.....

AN ACT relating to tobacco; prohibiting smoking of tobacco in certain video arcades; revising the provisions governing smoking of tobacco in child care facilities; providing civil and criminal penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a person from smoking any form of tobacco in certain public places, including a licensed child care facility that provides care for 13 or more children. Existing law authorizes a person in control of such a child care facility to designate a separate area for smoking but requires that children not be allowed in the designated smoking area. (NRS 202.2491) Any person violating the provisions of law that prohibit smoking in a public place is guilty of a misdemeanor. In addition to any criminal penalty, the person is liable for a civil penalty of \$100 for each violation. (NRS 202.2492, 202.24925)

This bill removes the authority of a person in control of a child care facility to designate a smoking area in the facility. This bill also changes the definition of a child care facility to include an establishment operated and maintained to furnish care on a temporary or permanent basis, during the day or overnight, to five or more children under 18 years of age but exempts a child care facility operated in a personal residence.

In addition, this bill prohibits a person from smoking any form of tobacco in a video arcade that is accessible to persons under 18 years of age and contains 10 or more pinball and video machines.
