Legislative Counsel's Digest:

Existing law creates various crimes to protect the public health and safety of the residents of this State. (Chapter 202 of NRS)

This bill creates a new crime for unlawfully using or possessing an electronic stun device. An electronic stun device is a device that is designed to disable a person or animal temporarily or permanently in a certain manner. This bill prohibits a person from using an electronic stun device except in self-defense. This bill further prohibits certain persons from having an electronic stun device in their possession. These prohibitions do not apply to a peace officer who uses or possesses the device within the scope of his public duties.

This bill provides that a person who uses the electronic stun device on another person for any purpose other than self-defense is guilty of a category B felony. A person who has been convicted of a felony or who is a fugitive from justice and who possesses an electronic stun device is guilty of a category B felony. A person who has been adjudicated as mentally ill, who has been committed to any mental health facility or who is illegally or unlawfully in the United States and who possesses an electronic stun device is guilty of a category D felony.

This bill prohibits a child from possessing an electronic stun device. A child who violates this provision commits a delinquent act and is subject to the jurisdiction of the juvenile court.

This bill also prohibits a person from selling, giving or otherwise providing an electronic stun device to any person he knows is prohibited from possessing an electronic stun device. This prohibition does not apply to a peace officer acting within the scope of his public duties. A person who violates this provision is guilty of a category D felony.
