AN ACT relating to wildlife; revising the provisions governing the
composition of and the method of appointing members to
the Board of Wildlife Commissioners; and providing
other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Board of Wildlife Commissioners, consisting of nine members appointed by the Governor, and specifies the manner in which members are appointed to the Commission and the qualifications for membership. Existing law requires a county advisory board to manage wildlife to submit written nominations for appointment to the Commission upon the request of the Governor. After giving consideration to the written nominations, the Governor must appoint members to the Commission who meet the qualifications established by law. (NRS 501.167, 501.171)

This bill changes the procedure for appointing members to the Board of Wildlife Commissioners. This bill requires the Governor to notify the county advisory boards not later than 90 days before a member's term expires. The county advisory boards must then submit to the Governor the names of qualified nominees to replace the member. If the Governor receives the names of at least five qualified nominees no later than 30 days before the member's term expires, the Governor must appoint the new member from among those nominated for appointment. Otherwise, the Governor may appoint any qualified person to the Commission.

This bill also amends the qualifications for membership on the Commission by requiring one member to be actively engaged in accounting and to have held a

20 preceding his appointment.
