AN ACT relating to public records; setting forth that certain databases which contain electronic mail addresses provided to a governmental entity are confidential and not subject to disclosure or public inspection; providing certain exceptions; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

1 Existing law requires certain books and records of a governmental entity to be  
2 open for public inspection. (NRS 239.010) Books and records of a governmental  
3 entity are not required to be open for public inspection if they are deemed by statute  
4 to be confidential or if the governmental entity determines pursuant to a balancing  
5 test that disclosure is not required. (*Donrey v. Bradshaw*, 106 Nev. 630 (1990))

6 This bill provides that if a person or his agent provides the electronic mail  
7 address of the person to a governmental entity for the purpose of or in the course of  
8 communicating electronically with that entity, the governmental entity may  
9 maintain the address in a database. Such a database and its contents is confidential  
10 and is not a public book or record, but may be disclosed by the governmental entity  
11 which maintains the database in response to a court order. This bill also provides  
12 that the individual electronic mail address of a person is not confidential if the  
13 person or his agent provided the address to a governmental entity in the course of  
14 an existing business or contractual relationship or in the course of establishing such  
15 a relationship.
