AN ACT relating to hospice care; authorizing a licensed facility for hospice care to provide certain palliative services to a patient who is terminally ill; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

- 1 Existing law regulates medical and care facilities including facilities that
2 provide hospice care. (Chapter 449 of NRS) Facilities for hospice care may provide
3 certain specified services for terminally ill patients including palliative services.
4 (NRS 449.0315) Palliative services are services and treatment to control pain and
5 symptoms and provide relief to a person. (NRS 449.0115)
6 This bill provides that a licensed facility for hospice care may provide palliative
7 services for terminally ill patients. This bill also defines the term "terminally ill" for
8 purposes of laws governing hospice care and other medical facilities.
9 Existing law requires the Department of Human Resources, through the
10 Division of Health Care Financing and Policy, to pay, under the State Plan for
11 Medicaid, certain facilities and programs for hospice care for the services for
12 hospice care provided by the facilities or programs. (NRS 422.304)
13 This bill provides that this requirement for payment applies only to the extent
14 that the Federal Government provides matching money under Medicaid for the
15 services for hospice care.
