EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to health; requiring the licensure of community triage centers by the State Board of Health; authorizing an allegedly mentally ill person to be admitted to a community triage center for medical care before his emergency admission to a mental health facility under certain circumstances; making an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law requires the State Board of Health to regulate and license medical
2 facilities and defines the types of medical facilities which must be licensed and
3 regulated. (NRS 449.0151, 449.037)

4 This bill creates an additional type of medical facility, a community triage
5 center, which must be regulated and licensed by the State Board of Health. A
6 community triage center is defined as a facility that provides 24-hour medical
7 assessment and short-term monitoring of mentally ill persons or abusers of alcohol
8 or drugs. This bill requires the State Board of Health to adopt regulations, standards
9 and licensing procedures for these centers.

10 This bill appropriates money from the State General Fund to the Division of
11 Mental Health and Developmental Services of the Department of Human Resources
12 for establishing a mental health and substance abuse screening and stabilization
13 component at two community triage centers. A community triage center in Clark
14 County will receive \$500,000, and a community triage center in Washoe County
15 will receive \$100,000. The provision pertaining to the appropriation becomes
16 effective upon passage of this bill.
