

CHAPTER.....

AN ACT relating to education; authorizing the boards of trustees of school districts to apply to the Superintendent of Public Instruction for additional days or minutes of instruction for certain programs of remedial education; authorizing the board of trustees of a school district to prescribe the minimum attendance requirements for pupils who are enrolled in kindergarten or the first grade and for pupils who are enrolled in certain programs of remedial education; revising related provisions governing the attendance and truancy of pupils; and providing other matters properly relating thereto.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 388.090 is hereby amended to read as follows:
388.090 1. Except as otherwise provided in this section, boards of trustees of school districts shall schedule and provide a minimum of 180 days of free school in the districts under their charge.

2. Except for an alternative schedule described in subsection 3, the Superintendent of Public Instruction may, upon application by the board of trustees of a school district, authorize the school district to provide a program of instruction based on an alternative schedule if the number of minutes of instruction to be provided is equal to or greater than the number of minutes of instruction that would be provided in a program of instruction consisting of 180 school days. The Superintendent of Public Instruction shall notify the board of trustees of the school district of the approval or denial of the application not later than 30 days after the Superintendent of Public Instruction receives the application. An alternative schedule proposed pursuant to this subsection must be developed in accordance with chapter 288 of NRS. If a school district is located in a county whose population is 100,000 or more, the school district may not submit an application pursuant to this subsection unless the proposed alternative schedule of the school district will apply only to a rural portion or a remote portion of the county in which the school district is located, as defined by the State Board pursuant to subsection ~~8.~~ 9.

3. The Superintendent of Public Instruction may, upon application by the board of trustees of a school district, authorize a reduction of not more than 15 school days in that particular district to establish or maintain an alternative schedule consisting of a 12-month school program if the board of trustees demonstrates that

the proposed alternative schedule for the program provides for a number of minutes of instruction that is equal to or greater than that which would be provided under a program consisting of 180 school days. Before authorizing a reduction in the number of required school days pursuant to this subsection, the Superintendent of Public Instruction must find that the proposed alternative schedule will be used to alleviate problems associated with a growth in enrollment or overcrowding.

4. The Superintendent of Public Instruction may, upon application by a board of trustees, authorize the addition of minutes of instruction to any scheduled day of free school if days of free school are lost because of any interscholastic activity. Not more than 5 days of free school so lost may be rescheduled in this manner. The provisions of this subsection do not apply to an alternative schedule approved pursuant to subsection 2.

5. The number of minutes of instruction required for a particular group of pupils in a program of instruction based on an alternative schedule approved pursuant to this section must be determined by multiplying the appropriate minimum daily period of instruction established by the State Board by regulation for that particular group of pupils by 180.

6. *The Superintendent of Public Instruction may, upon application by the board of trustees of a school district, authorize additional days or minutes of instruction for a program of remedial education that is fully paid for through the school district, including, without limitation, the provision of transportation. If the Superintendent of Public Instruction authorizes such additional days or minutes, the board of trustees may adopt a policy prescribing the minimum number of days of attendance or the minimum number of minutes of attendance for a pupil who is determined to need such remedial education. If the board of trustees adopts such a policy, the policy must include, without limitation, the criteria for determining that a pupil be enrolled in the program of remedial education, the procedure pursuant to which parents and guardians will be notified of the pupil's progress throughout the school year and a process for appealing a determination regarding a pupil's need for remedial education.*

7. Each school district shall schedule at least 3 contingent days of school, or its equivalent if the school district operates under an alternative schedule authorized pursuant to this section, in addition to the number of days required by this section, which must be used if a natural disaster, inclement weather or an accident necessitates the closing of a majority of the facilities within the district.

~~[7]~~ 8. If more than 3 days of free school, or its equivalent if the school district operates under an alternative schedule authorized

pursuant to this section, are lost because a natural disaster, inclement weather or an accident necessitates the closing of a majority of the facilities within a school district, the Superintendent of Public Instruction, upon application by the school district, may permit the additional days lost to be counted as school days in session. The application must be submitted in the manner prescribed by the Superintendent of Public Instruction.

~~[8-]~~ 9. The State Board shall adopt regulations:

(a) Providing procedures for changing schedules of instruction to be used if a natural disaster, inclement weather or an accident necessitates the closing of a particular school within a school district.

(b) Defining a rural portion of a county and a remote portion of a county for the purposes of subsection 2.

Sec. 2. NRS 392.040 is hereby amended to read as follows:

392.040 1. Except as otherwise provided by law, each parent, custodial parent, guardian or other person in the State of Nevada having control or charge of any child between the ages of 7 and 17 years shall send the child to a public school during all the time the public school is in session in the school district in which the child resides.

2. A child who is 5 years of age on or before September 30 of a school year may be admitted to kindergarten at the beginning of that school year, and his enrollment must be counted for purposes of apportionment. If a child is not 5 years of age on or before September 30 of a school year, the child must not be admitted to kindergarten.

3. Except as otherwise provided in subsection 4, a child who is 6 years of age on or before September 30 of a school year must:

(a) If he has not completed kindergarten, be admitted to kindergarten at the beginning of that school year; or

(b) If he has completed kindergarten, be admitted to the first grade at the beginning of that school year,

→ and his enrollment must be counted for purposes of apportionment. If a child is not 6 years of age on or before September 30 of a school year, the child must not be admitted to the first grade until the beginning of the school year following his sixth birthday.

4. The parents, custodial parent, guardian or other person within the State of Nevada having control or charge of a child who is 6 years of age on or before September 30 of a school year may elect for the child not to attend kindergarten or the first grade during that year. The parents, custodial parent, guardian or other person who makes such an election shall file with the board of trustees of the appropriate school district a waiver in a form prescribed by the board.

5. Whenever a child who is 6 years of age is enrolled in a public school, each parent, custodial parent, guardian or other person in the State of Nevada having control or charge of the child shall send him to the public school during all the time the school is in session. *If the board of trustees of a school district has adopted a policy prescribing a minimum number of days of attendance for pupils enrolled in kindergarten or first grade pursuant to NRS 392.122, the school district shall provide to each parent and legal guardian of a pupil who elects to enroll his child in kindergarten or first grade a written document containing a copy of that policy and a copy of the policy of the school district concerning the withdrawal of pupils from kindergarten or first grade. Before the child's first day of attendance at a school, the parent or legal guardian shall sign a statement on a form provided by the school district acknowledging that he has read and understands the policy concerning attendance and the policy concerning withdrawal of pupils from kindergarten or first grade. The parent or legal guardian shall comply with the applicable requirements for attendance.* This requirement for attendance does not apply to any child under the age of 7 years who has not yet been enrolled or has been formally withdrawn from enrollment in public school.

6. A child who is 7 years of age on or before September 30 of a school year must:

(a) If he has completed kindergarten and the first grade, be admitted to the second grade.

(b) If he has completed kindergarten, be admitted to the first grade.

(c) If the parents, custodial parent, guardian or other person in the State of Nevada having control or charge of the child waived the child's attendance from kindergarten pursuant to subsection 4, undergo an assessment by the district pursuant to subsection 7 to determine whether the child is prepared developmentally to be admitted to the first grade. If the district determines that the child is prepared developmentally, he must be admitted to the first grade. If the district determines that the child is not so prepared, he must be admitted to kindergarten.

➡ The enrollment of any child pursuant to this subsection must be counted for apportionment purposes.

7. Each school district shall prepare and administer before the beginning of each school year a developmental screening test to a child:

(a) Who is 7 years of age on or before September 30 of the next school year; and

(b) Whose parents waived his attendance from kindergarten pursuant to subsection 4,

↳ to determine whether the child is prepared developmentally to be admitted to the first grade. The results of the test must be made available to the parents, custodial parent, guardian or other person within the State of Nevada having control or charge of the child.

8. A child who becomes a resident of this State after completing kindergarten or beginning first grade in another state in accordance with the laws of that state may be admitted to the grade he was attending or would be attending had he remained a resident of the other state regardless of his age, unless the board of trustees of the school district determines that the requirements of this section are being deliberately circumvented.

9. As used in this section, "kindergarten" includes:

(a) A kindergarten established by the board of trustees of a school district pursuant to NRS 388.060;

(b) A kindergarten established by the governing body of a charter school; and

(c) An authorized program of instruction for kindergarten offered in a child's home pursuant to NRS 388.060.

Sec. 3. NRS 392.122 is hereby amended to read as follows:

392.122 1. The board of trustees of each school district shall prescribe a minimum number of days that a pupil who is *subject to compulsory attendance and* enrolled in a school in the district must be in attendance for the pupil to obtain credit or to be promoted to the next higher grade. *The board of trustees of a school district may adopt a policy prescribing a minimum number of days that a pupil who is enrolled in kindergarten or first grade in the school district must be in attendance for the pupil to obtain credit or to be promoted to the next higher grade.*

2. For the purposes of this ~~[subsection,]~~ *section*, the days on which a pupil is not in attendance because the pupil is absent for up to 10 days within 1 school year with the approval of the teacher or principal of the school pursuant to NRS 392.130, must be credited towards the required days of attendance if the pupil has completed course-work requirements.

~~[2-]~~ 3. Before a pupil is denied credit or promotion to the next higher grade for failure to comply with the attendance requirements prescribed pursuant to subsection 1, the principal of the school in which the pupil is enrolled or his designee shall provide written notice of the intended denial to the parent or legal guardian of the pupil. The notice must include a statement indicating that the pupil and his parent or legal guardian may request a review of the absences of the pupil and a statement of the procedure for requesting such a review. Upon the request for a review by the pupil and his parent or legal guardian, the principal or his designee shall review the reason for each absence of the pupil upon which the intended denial of credit or promotion is based. After the review, the

principal or his designee shall credit towards the required days of attendance each day of absence for which:

(a) There is evidence or a written affirmation by the parent or legal guardian of the pupil that the pupil was physically or mentally unable to attend school on the day of the absence; and

(b) The pupil has completed course-work requirements.

~~[3-]~~ 4. A pupil and his parent or legal guardian may appeal a decision of a principal or his designee pursuant to subsection ~~[2]~~ 3 to the board of trustees of the school district in which the pupil is enrolled.
