Heritage 1	rust Account an a	amount of mo	ney not greater in	ian 73 percem	oj ine mone	y aeposuea in
the Account pursuant to subsection 2 during the previous year and the total amount of interest						
earned on the money in the Account during the previous".						

JRS/SGW Date: 5/18/2005

A.B. No. 15—Revises provisions governing expenditure of money in Wildlife Heritage Trust Account.

Amend the title of the bill, fourth line, after "State;" by inserting:

"authorizing the expenditure of certain annual deposits in the Account;".

A_AB15_R1_790

If this amendment is adopted, the Legislative

Counsel's Digest will be changed to read as follows:

Legislative Counsel's Digest:

Existing law creates the Wildlife Heritage Trust Account in the State General Fund for use by the Department of Wildlife for the management of game fish, game birds and game and fur-bearing mammals. (NRS 501.3575) Existing law provides that the Account is funded by proceeds from wildlife drawings and through monetary gifts made to the Account. (NRS 502.250) Existing law limits the Department's annual expenditure from the Account to the total interest earned on the money in the Account during the previous year. (NRS 501.3575)

This bill amends existing law by expanding the purposes for which the money in the Account must be used to include expenditures for the management and control of predatory wildlife in this State.

This bill further amends existing law by expanding the authorized expenditures from the Account. This bill allows the Department to expend an amount of money not greater than 75 percent of the money deposited in the Account during the previous year and the total interest earned on the Account during the previous year.
