Amend the bill as a whole by deleting sec. 4 and adding:

“**Sec. 4.** (Deleted by amendment.)”.

Amend the title of the bill by deleting the fifth through seventh lines and inserting:

“school pupils; requiring access to library facilities for”.

**If this amendment is adopted, the Legislative
Counsel's Digest will be changed to read as follows:**

Legislative Counsel's Digest:

Existing law provides for the establishment of courses of study and academic standards for the public schools in this State. (Chapter 389 of NRS)

This bill requires the Board of Regents of the University of Nevada to work with the State Board of Education and the Council to Establish Academic Standards for Public Schools to ensure that students enrolled in a program for the education of teachers are provided instruction in the standards for high school pupils.

Existing law sets forth the requirements for issuance of a baccalaureate degree by the Board of Regents. (NRS 396.560)

This bill specifies the manner in which a student is determined to have completed a full course of study for the issuance of a diploma of graduation from the System.

Existing law prescribes 6-year terms of office for the members of the Board of Regents. (NRS 396.040)

This bill reduces the terms of office to 4 years. The current members elected will continue to serve out their 6-year terms of office. This provision becomes effective only if AJR 11 of the 72nd Session of the Nevada Legislature is not passed by the 73rd Session of the Legislature.

Existing law requires that all credits earned at a community college within the System be transferable to a university or state college within the System if the course catalog identifies the course by the same title and description. (NRS 396.568)

This bill requires that all courses earned at a community college within the System automatically transfer to a university or state college within the System and removes the requirements regarding the course catalog.

This bill also provides that a student who has been awarded an associate's degree must be enrolled as a junior if he enrolls in any institution within the System. This bill further provides that a student enrolled at any campus of the System must be granted access to library facilities available within the System and must be adequately informed of those facilities.
