Date: 4/22/2005

A.B. No. 65—Requires State Environmental Commission to adopt regulations prohibiting disposal of electronic waste in landfills and establishing program for recycling of such waste.

**If this amendment is adopted, the Legislative  
Counsel's Digest will be changed to read as follows:**

**Legislative Counsel's Digest:**

Existing law requires the State Environmental Commission to adopt regulations that establish standards for the recycling or disposal of solid waste. (NRS 444A.020, 444A.080) Under existing law, any violation of a regulation adopted by the Commission is a misdemeanor. (NRS 444.610)

This bill requires the State Environmental Commission to adopt regulations that prohibit the disposal of electronic waste at solid waste landfills and other disposal sites. The Commission must also establish a recycling program for the collection and disposal of electronic waste. Electronic waste includes cathode ray tubes and similar video devices, such as television sets and computer monitors. Because of the general penalty provision in NRS 444.610, a violation of these regulations is a misdemeanor.
