**If this amendment is adopted, the Legislative

Legislative Counsel's Digest:

Existing law establishes the number and qualifications of members of county fair and recreation boards, which are commonly known as convention and visitors authorities in some counties. (NRS 244A.599, 244A.601, 244A.603) In counties with a population of 400,000 or more (currently Clark County), such a board consists of 13 members, including two members of the board of county commissioners, four members designated for certain incorporated cities in the county, one member designated for all the remaining incorporated cities in the county and six members from the private business sector. (NRS 244A.603)

This bill increases the membership of a county fair and recreation board in a county with a population of 400,000 or more to 14 members by adding an additional member who is selected by the governing body of the incorporated city with the smallest population in the county (currently the City of Mesquite) and who is a member of that governing body. This bill also clarifies that membership on the board is based on the population of an incorporated city as determined by the last national decennial census.

Existing law provides a procedure for rotating representation on the county fair and recreation board in a county with a population of 400,000 or more (currently Clark County) among the remaining incorporated cities in the county that do not have a specifically designated member. (NRS 244A.603)

This bill acknowledges that this rotation is not required when there is only one such remaining incorporated city in the county.
