**If this amendment is adopted, the Legislative
Counsel's Digest will be changed to read as follows:**

Legislative Counsel's Digest:

This bill authorizes the use of signature stamps by persons with physical disabilities who are unable to write because of their disabilities and creates an exception to any law that requires a handwritten signature. This bill also requires the Office of Disability Services in the Department of Human Resources to adopt standards regarding the use of signature stamps and requires the Department of Human Resources to adopt regulations regarding the use of signature stamps, including regulations concerning the extent to which certain persons and governmental entities may incur liability related to the use of signature stamps.
