If this amendment is adopted, the Legislative**Counsel's Digest will be changed to read as follows:****Legislative Counsel's Digest:**

Existing law creates the Committee for the Development of Projects Relating to Tourism, which provides grants to counties, cities, and local and regional organizations in this State to develop publicly owned property, facilities and infrastructure to support and attract visitors to this State. (NRS 231.330, 231.360) The grants are made from money in the state Fund for the Promotion of Tourism, which consists, in part, of revenue from the mandatory room tax imposed by counties and cities, and from gifts, grants and other money that is made available to the Committee. (NRS 231.250, 231.360, 244.3354, 268.0962) Existing law requires the State Controller, upon request by the Committee, to transfer all money made available to the Committee for its use in making grants to a special account in the State General Fund, which is administered by the Committee. (NRS 231.360)

This bill requires the Committee for the Development of Projects Relating to Tourism to administer the Fund for the Promotion of Tourism and, in relevant part, provides that gifts, grants and other money received for the development of projects relating to tourism must be deposited in the Fund. This bill also removes the State Controller from the process of transferring money to the Committee and instead provides that the Committee, as administrator of the Fund, may provide grants of money to counties, cities and local and regional organizations in this State for the development of projects relating to tourism, to the extent authorized by the Legislature or the Interim Finance Committee.

Existing law limits the amount of revenue from the mandatory room tax imposed by counties and cities that is deposited in the state Fund for the Promotion of Tourism which may be made available in any biennium to the Committee for making grants. (NRS 231.250, 231.360, 244.3354, 268.0962) Under existing law, the State Controller is prohibited from transferring the money that is made available to the Committee from the mandatory room tax to the special account in the State General Fund that is administered by the Committee unless the Interim Finance Committee approves the transfer. (NRS 231.360)

This bill removes the limitation on the amount of money that may be disbursed through the Grant Program administered by the Committee and eliminates transfers of money to the State General Fund.
