S.B. No. 60—Makes various changes concerning drivers’ licenses issued to persons under 18 years of age.

**If this amendment is adopted, the Legislative
Counsel's Digest will be changed to read as follows:**

Legislative Counsel's Digest:

Existing law sets forth the circumstances under which a driver's license may be issued to a person who is between 15 3/4 and 18 years of age. (NRS 483.250)

This bill prohibits a person under 16 years of age from obtaining a driver's license. This bill requires a person who is 16 or 17 years of age to hold an instruction permit for at least 6 months before applying for a license and requires documentation of each driving experience that is counted toward the existing requirement for supervised driving experience. The person also must not have been responsible for a motor vehicle accident or convicted of driving under the influence during the 6 months before applying for the license.

Existing law restricts a driver under 18 years of age from transporting passengers under 18 years of age for the first 30 to 90 days after the license is issued depending upon the age of the driver at the time of issuance, unless the passenger is a member of the driver's immediate family. (NRS 483.253)

This bill extends the period during which a driver who is 16 or 17 years of age is prohibited from transporting a person who is under 18 years of age to the first 6 months after the license is issued, unless the passenger is a member of the driver's immediate family. Violating this provision is not a moving traffic violation. Peace officers are specifically prohibited from stopping a motor vehicle solely to determine whether the driver is illegally transporting passengers under 18 years of age.

This bill requires that a driver's education course offered in the public schools include a component of training conducted in the classroom.
