**If this amendment is adopted, the Legislative
Counsel's Digest will be changed to read as follows:**

Legislative Counsel's Digest:

Under existing law, an applicant for a license to practice dentistry must pass an examination which examines the applicant's practical knowledge of dentistry and which includes clinical demonstrations of the applicant's dentistry skills. This examination is administered by the Board of Dental Examiners of Nevada. (NRS 631.240)

This bill amends existing law by giving the applicant the option of either passing the clinical examination administered by the Board or presenting the Board with a certificate establishing that the applicant has passed a clinical examination administered by the Western Regional Examining Board within the 5 years before the date of the application.

Existing law authorizes the Board to issue temporary licenses to practice dentistry to persons who are licensed in another jurisdiction and who meet certain additional qualifications. This provision is set to expire by limitation on September 30, 2005. (NRS 631.272; Section 12 of Chapter 340, Statutes of Nevada 2001, at page 1614)

This bill removes the expiration date for the issuance of temporary licenses. However, this bill prevents the Board from issuing any additional temporary licenses on or after July 1, 2006. Any person who holds a temporary license on July 1, 2006, may continue to practice under the temporary license until December 31, 2008, or until the person applies for and is issued or denied a permanent license, whichever period is shorter.
