AN ACT relating to county coroners; authorizing a board of county commissioners to create an account for the support of the office of the county coroner; increasing the fee to obtain a certified copy of a death certificate originating in that county if the board of county commissioners creates such an account to provide financial support for the office of the county coroner; authorizing county coroners to use the money generated by the fee; requiring a pharmacist to divulge certain prescription information to a county coroner, medical examiner or investigator employed by an office of the county coroner under certain circumstances; continuing the authority of juvenile courts to conduct programs of visitation of delinquent children to the offices of county coroners; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

- 1 Under existing law, the State Registrar of Vital Statistics and Clark County and
- 2 Washoe County District Health Officers may issue certified copies of death
- 3 certificates. (NRS 440.650; NAC 440.070) Existing law establishes a fee of \$10 for
- 4 certified copies issued by the State Registrar. (NRS 440.700)
- 5 This bill authorizes a board of county commissioner to create an account for the
- 6 support of the office of the county coroner in the county general fund. The bill
- 7 further provides that if a board of county commissioners creates such an account,
- 8 an additional \$1 fee is to be charged for a certified copy of a death certificate

9 originating in that county which is issued by a district health officer. In addition,
10 this bill increases by \$1 the fee charged for a certified copy of a death certificate
11 originating in that county which is issued by the State Registrar. This bill further
12 requires that any money collected from these fees be remitted to the county
13 treasurer of the county in which the certificate originates for deposit to that account.
14 In a county in which the office of the county coroner is created by ordinance, the
15 money in the account must be used by the county coroner to support youth
16 programs, train staff and purchase equipment. In a county that constitutes a
17 coroner's district, the money in the account must be transferred to a county in
18 which the office of the county coroner is created by ordinance and must be used to
19 pay training expenses in the county from which the money was transferred. Any
20 money remaining in the account at the end of each fiscal year does not revert to the
21 county general fund and must be carried forward to the next fiscal year.

22 Under existing law, a pharmacist may only divulge the contents or provide a
23 copy of a prescription under limited circumstances. (NRS 639.238)

24 This bill authorizes a pharmacist to release the contents of a prescription to a
25 county coroner, medical examiner or investigator employed by a county coroner in
26 order to identify a deceased person, determine cause of death or perform other
27 authorized duties.

28 Existing law authorizes a juvenile court to establish a county coroner visitation
29 program. The program must include a visit to the office of the county coroner and a
30 course that instructs the child on the consequences of his actions and creates an
31 awareness of his mortality. (NRS 62E.720) Under existing law, the program is set
32 to expire on October 1, 2005. (Section 384 of Chapter 206, Statutes of Nevada
33 2003, at page 1162)

34 This bill repeals the expiration of that provision thereby continuing the county
35 coroner visitation program.
