EXPLANATION – Matter in *bolded italics* is new; matter between brackets [omitted-material] is material to be omitted.

AN ACT relating to local governmental finances; authorizing certain smaller counties to impose an additional local sales and use tax for certain purposes under certain circumstances; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law authorizes the boards of county commissioners of certain counties to enact ordinances imposing certain local sales and use taxes for purposes such as the promotion of tourism, the support of public transit and the operation and maintenance of a county swimming pool. (NRS 377A.020) A board may not enact such an ordinance unless a question concerning the imposition of the tax is approved by a majority of the registered voters of the county voting on the question at a general election. The ordinance must also include certain provisions, including provisions substantially identical to those required by law for the Local School Support Tax, insofar as applicable. (NRS 377A.030)

This bill specifically authorizes the board of county commissioners of a county whose population is less than 100,000 (currently counties other than Clark and Washoe Counties) to enact such an ordinance to impose a local sales and use tax at the rate of not more than one-quarter of 1 percent to acquire, develop, construct, equip, operate, maintain, improve and manage libraries, parks, recreational programs and facilities, and facilities and services for senior citizens, or for any combination of those purposes. To enact such an ordinance, the board must submit the ordinance for approval of the registered voters of the county in the same manner as other ordinances proposing local sales and use taxes. This bill further authorizes the board of county commissioners in such a county to issue general and special obligations of the county for the same purposes for which the tax is imposed, and to pledge the receipts of the tax to secure those obligations.
