

SENATE BILL NO. 194—SENATOR NOLAN

MARCH 17, 2005

Referred to Committee on Transportation and Homeland Security

SUMMARY—Requires Nevada Commission on Homeland Security to advise and make recommendations to Governor relative to certain systems of communication. (BDR 19-749)

FISCAL NOTE: Effect on Local Government: No.
Effect on the State: No.

~

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets **[omitted material]** is material to be omitted.

AN ACT relating to public safety; requiring the Nevada Commission on Homeland Security to advise and make recommendations to the Governor relative to certain systems of communication; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Nevada Commission on Homeland Security and requires the Commission to assess, examine, review and establish a state plan concerning the compatibility and interoperability of information systems and systems of communication used by response agencies within this State. (NRS 239C.120, 239C.160) Existing law prohibits state and local governmental agencies from purchasing an information system or system of communication unless the system complies with the state plan established by the Commission. (NRS 332.830, 333.820) Existing law defines the term “system of communication” to include any public safety radio system or telecommunication system. (NRS 239C.100)

This bill requires the Nevada Commission on Homeland Security to advise and make recommendations to the Governor relative to the compatibility and interoperability of such systems with particular emphasis upon the compatibility and interoperability of public safety radio systems.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 **Section 1.** NRS 239C.160 is hereby amended to read as
2 follows:

3 239C.160 The Commission shall, within the limits of available
4 money:

5 1. Make recommendations to the Governor, the Legislature,
6 agencies of this State, political subdivisions, businesses located
7 within this State and private persons who reside in this State with
8 respect to actions and measures that may be taken to protect
9 residents of this State and visitors to this State from potential acts of
10 terrorism and related emergencies.

11 2. Propose goals and programs that may be set and carried out,
12 respectively, to counteract or prevent potential acts of terrorism and
13 related emergencies before such acts of terrorism and related
14 emergencies can harm or otherwise threaten residents of this State
15 and visitors to this State.

16 3. With respect to buildings, facilities, geographic features and
17 infrastructure that must be protected from acts of terrorism and
18 related emergencies to ensure the safety of the residents of this State
19 and visitors to this State, including, without limitation, airports, the
20 Capitol Complex, dams, gaming establishments, governmental
21 buildings, highways, hotels, information technology infrastructure,
22 lakes, places of worship, power lines, public buildings, public
23 utilities, reservoirs, rivers and their tributaries, and water facilities:

24 (a) Identify and categorize such buildings, facilities, geographic
25 features and infrastructure according to their susceptibility to and
26 need for protection from acts of terrorism and related emergencies;
27 and

28 (b) Study and assess the security of such buildings, facilities,
29 geographic features and infrastructure from acts of terrorism and
30 related emergencies.

31 4. Examine the use, deployment and coordination of response
32 agencies within this State to ensure that those agencies are
33 adequately prepared to protect residents of this State and visitors to
34 this State from acts of terrorism and related emergencies.

35 5. Assess, examine and review the use of information systems
36 and systems of communication used by response agencies within
37 this State to determine the degree to which such systems are
38 compatible and interoperable. After conducting the assessment,
39 examination and review, the Commission shall ~~Establish~~:

40 (a) **Establish** a state plan setting forth criteria and standards for
41 the compatibility and interoperability of those systems when used by
42 response agencies within this State ~~; and~~

* S B 1 9 4 *

1 (b) Advise and make recommendations to the Governor
2 relative to the compatibility and interoperability of those systems
3 when used by response agencies within this State, with particular
4 emphasis upon the compatibility and interoperability of public
5 safety radio systems.

6 6. Assess, examine and review the operation and efficacy of
7 telephone systems and related systems used to provide emergency
8 911 service.

9 7. To the extent practicable, cooperate and coordinate with the
10 Division of Emergency Management of the Department of Public
11 Safety to avoid duplication of effort in developing policies and
12 programs for preventing and responding to acts of terrorism and
13 related emergencies.

14 8. Perform any other acts related to their duties set forth in
15 subsections 1 to 7, inclusive, that the Commission determines are
16 necessary to protect or enhance:

- 17 (a) The safety and security of the State of Nevada;
- 18 (b) The safety of residents of the State of Nevada; and
- 19 (c) The safety of visitors to the State of Nevada.

20 **Sec. 2.** This act becomes effective on July 1, 2005.
