AN ACT relating to the promotion of beef; requiring the State Department of Agriculture to contract with the Nevada Beef Council for the establishment and administration of a program of education, research and information on beef under certain circumstances; requiring the Department to collect voluntary contributions for the program and to submit the money collected from the voluntary contributions to the Nevada Beef Council to carry out the program; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Under the federal Beef Promotion and Research Act of 1985, a \$1 fee is assessed against livestock owners for each head of cattle. The proceeds from the fee are transferred to the qualified state beef council to be used in the promotion of beef and beef products. (7 U.S.C. §§ 2901 et seq.) In Nevada, the proceeds are deposited into the Account for the Promotion of Beef in the State General Fund. (NRS 561.407)

The United States Eighth Circuit Court of Appeals has held that the assessment required under the Beef Promotion and Research Act of 1985 violates the first amendment rights of livestock owners because it compels the funding of speech. (*Livestock Mktg. Ass'n v. United States Dep't of Agric.*, 335 F.3d 711 (8th Cir. 2003))

This bill changes the name of the Account for the Promotion of Beef to the Account for the Program of Education, Research and Information on Beef. This bill further requires the State Department of Agriculture to contract with the Nevada

15 Beef Council to establish and administer a program of education, research and  
16 information on beef and beef products. This bill further provides for the collection  
17 by the State Department of Agriculture of voluntary contributions for the program  
18 of education, research and information on beef and beef products. The proceeds  
19 from the voluntary contributions must be credited to the Account for the Program  
20 of Education, Research and Information on Beef and then remitted to the Nevada  
21 Beef Council.

22 This bill further requires the contract between the State Department of  
23 Agriculture and the Nevada Beef Council to provide for the reimbursement to the  
24 State Department of Agriculture for reasonable and necessary expenses incurred by  
25 the Department in the collection of the voluntary contributions.

26 This bill becomes effective only if the federal Beef Promotion and Research  
27 Act of 1985 is repealed by Congress or declared unconstitutional by the United  
28 States Supreme Court.
