AN ACT relating to the University and Community College System of Nevada; providing for the applicability of certain policies established by the Board of Regents in determining residency for purposes of eligibility for free tuition and certain student loans; lengthening certain minimum periods of residency required for students at institutions of the System to qualify for free tuition; expanding the categories of persons who are entitled to receive free tuition; lengthening the minimum period of residency required for nursing students at institutions of the System to qualify for student loans; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

- 1 Existing law provides free tuition to all students enrolled at a university, state
2 college or community college of the University and Community College System of
3 Nevada whose families are bona fide residents of Nevada, regardless of the length
4 of that residency. (NRS 396.540) Existing law also provides free tuition to all
5 students whose families reside outside Nevada but who themselves have been bona
6 fide residents of Nevada for at least 6 months prior to their matriculation at an
7 institution in the System. (NRS 396.540)

8 This bill requires the family of a student to reside in Nevada for at least 12
9 months prior to the matriculation of the student at an institution in the System for
10 the student to qualify for free tuition. In addition, this bill increases the minimum
11 period of residency to qualify for free tuition to 12 months prior to matriculation for
12 students whose families are not residents of Nevada. This bill also requires the
13 Board of Regents to prescribe by regulation a definition of "matriculation" for
14 purposes of determining such residency requirements.

15 This bill expands the granting of free tuition to employees of the University and
16 Community College System, members of the Armed Forces of the United States
17 and other persons whom the Board of Regents deems necessary to promote
18 research, education, public service and the economy of the State.

19 Existing law requires that, for eligibility for student loans, students in nursing
20 programs of the University and Community College System must be bona fide
21 residents of the State for at least 6 months prior to the student's matriculation in the
22 System. (NRS 396.890)

23 This bill lengthens that residency requirement by requiring that nursing
24 students be bona fide residents of Nevada for at least 12 months prior to
25 matriculation in the System to be eligible for a student loan.

26 Existing law provides that for the purposes of eligibility for free tuition or for
27 nursing student loans from the University and Community College System, the
28 term "bona fide resident" must be construed to require physical presence in the
29 State during all of the period for which residency is claimed. (NRS 10.155,
30 396.540, 396.890)

31 This bill requires that the term "bona fide resident" also be construed in
32 accordance with policies established by the Board of Regents, to the extent that
33 those policies do not conflict with any statute.
