AN ACT relating to the University and Community College System of Nevada; providing for the applicability of certain policies established by the Board of Regents in determining residency for purposes of eligibility for free tuition and certain student loans; lengthening certain minimum periods of residency required for students at institutions of the System to qualify for free tuition; expanding the categories of persons who are entitled to receive free tuition; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law provides free tuition to all students enrolled at a university, state
2 college or community college of the University and Community College System of
3 Nevada whose families are bona fide residents of Nevada, regardless of the length
4 of that residency. (NRS 396.540) Existing law also provides free tuition to all
5 students whose families reside outside Nevada but who themselves have been bona
6 fide residents of Nevada for at least 6 months prior to their matriculation at an
7 institution in the System. (NRS 396.540)

8 This bill requires the family of a student to reside in Nevada for at least 12
9 months prior to the matriculation of the student at an institution in the System for
10 the student to qualify for free tuition. In addition, this bill increases the minimum

11 period of residency to qualify for free tuition to 12 months prior to matriculation for
12 students whose families are not residents of Nevada. This bill also requires the
13 Board of Regents to prescribe by regulation a definition of "matriculation" for
14 purposes of determining such residency requirements.

15 This bill expands the granting of free tuition to employees of the University and
16 Community College System of Nevada, members of the Armed Forces of the
17 United States and other persons whom the Board of Regents deems necessary to
18 promote research, education, public service and the economy of the State.

19 Existing law requires that, for eligibility for student loans, students in nursing
20 programs of the University and Community College System of Nevada must be
21 bona fide residents of the State for at least 6 months prior to the student's
22 matriculation in the System. (NRS 396.890)

23 This bill clarifies that, for the purpose of measuring this required 6-month
24 period of bona fide residency for such students in nursing programs to be eligible
25 for student loans, the definition of "matriculation" prescribed by the Board of
26 Regents by regulation will be used.

27 Existing law provides that for the purposes of eligibility for free tuition or for
28 nursing student loans from the University and Community College System of
29 Nevada, the term "bona fide resident" must be construed to require physical
30 presence in the State during all of the period for which residency is claimed. (NRS
31 10.155, 396.540, 396.890)

32 This bill requires that the term "bona fide resident" also be construed in
33 accordance with policies established by the Board of Regents, to the extent that
34 those policies do not conflict with any statute.
