

CHAPTER.....

AN ACT relating to water districts; making provisions relating to the collection of a delinquent bill for water or services furnished; and providing other matters properly relating thereto.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The Virgin Valley Water District Act, being chapter 100, Statutes of Nevada 1993, at page 159, is hereby amended by adding thereto a new section, to be designated as section 3.3, immediately following section 3, to read as follows:

Sec. 3.3. 1. Any bill for water or services furnished by the District which is delinquent for more than 60 days must be listed on a delinquent list prepared by the District. The list must identify the property to which the water was furnished in a manner which permits the owner thereof to easily identify his property, state the name of the property owner and list the delinquent amount. Such lists may be filed with the County Tax Collector and upon filing, the properties described therein are subject to a lien for nonpayment of the delinquent amounts. If such a list is filed, the County Tax Collector shall include the delinquent amounts on the next tax bill for the property and shall enforce collection of the amounts in the same manner and with the same penalties and rights of foreclosure which apply to the levy, collection and enforcement of property taxes. The remedy for nonpayment of bills provided in this section is in addition to any other available remedies which the District may elect to use for such nonpayment, including, without limitation, termination of service.

2. Upon compliance with subsection 5 and until paid, all charges delinquent for more than 60 days and filed with the County Tax Collector constitute a perpetual lien on and against the property served, and the lien is prior and superior to all liens, claims and titles other than liens of general taxes and special assessments, and not subject to extinguishment by the sale of any property on account of nonpayment of any such liens, claims and titles including the liens of general taxes and special assessments, and any such lien may be foreclosed in the same manner as provided by the laws of the State of Nevada for the foreclosure of mechanics' liens. Before any such lien is foreclosed the Board shall hold a hearing thereon after notice thereof by

publication and by registered or certified first-class mail, postage prepaid, addressed to the last known owner at his last known address according to the records of the District and the real property assessment roll in the county in which the property is located.

3. The Board shall prescribe and enforce regulations for the connection with and the disconnection from properties of the facilities of the District and the taking of its services and provide for the collection of charges.

4. As a remedy established for the collection of due and unpaid deposits and charges and the penalties thereon an action may be brought in the name of the District in any court of competent jurisdiction against the person who occupied the property when the service was rendered or the deposit became due or against any person guaranteeing payment of bills, or against any or all of those persons, for the collection of the amount of the deposit or the collection of delinquent charges and all penalties thereon.

5. A lien against the property served is not effective until a notice of the lien, separately prepared for each lot affected, is:

(a) Mailed to the last known owner at his last known address according to the records of the District and the real property assessment roll of the county in which the property is located;

(b) Delivered by the Board to the Office of the County Recorder of the county within which the property subject to the lien is located;

(c) Recorded by the County Recorder in a book kept by him to record instruments encumbering land; and

(d) Indexed in the real estate index as deeds and other conveyances are required by law to be indexed.
