CHAPTER.....

Legislative Counsel's Digest:

Existing law, under certain circumstances: (1) requires the Department of Taxation to make a recommendation of severe financial emergency to the Nevada Tax Commission concerning a local government; and (2) requires the Commission to order the Department to take over the management of a local government determined to be experiencing a severe financial emergency. (NRS 354.655-354.725)

This bill allows the governing body of a local government, under certain circumstances, to request that the Nevada Tax Commission issue an order directing the Department of Taxation to take over the management of the local government if the local government is experiencing or will experience a severe financial emergency as a result of litigation or threatened litigation. This bill also provides that if the Department takes over the management of a local government because the local government is involved in litigation or threatened litigation, actions by a creditor to attach, garnish or execute upon the assets of the local government must be stayed until such time as the creditor meets with the Department and the Department formulates a program to liquidate the debt owed by the local government to the creditor.
