CHAPTER.....

AN ACT relating to public health; authorizing the Department of Health and Human Services to administer certain programs to assist certain persons with costs relating to health care and pharmaceutical services; revising the percentages of and the manner of allocating money in the Fund for a Healthy Nevada for certain programs; revising provisions governing the subsidies from the Fund for the cost of prescription drugs, pharmaceutical services and certain other benefits; revising the membership and duties of the Grants Management Advisory Committee; repealing the Task Force for the Fund for a Healthy Nevada; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under federal law, states may provide subsidies, prescription drugs and other assistance to persons with the human immunodeficiency virus or acquired immunodeficiency syndrome. (42 U.S.C. §§ 300ff-21 et seq.) **Section 1** of this bill authorizes the Department of Health and Human Services to participate in the federal program and to administer the program in conjunction with other programs already administered by the Department.

Under existing law, the Task Force for the Fund for a Healthy Nevada makes allocations, or reserves for allocation or expenditure by the Department or the Aging Services Division of the Department, certain percentages of money in the Fund for a Healthy Nevada for certain programs and services. (NRS 439.630) **Section 4** of this bill eliminates the role of the Task Force in making allocations of money from the Fund and requires the Department to make such allocations itself. **Section 4** also revises the amount of money prescribed for programs that prevent, reduce or treat the use of tobacco, for programs that improve the health and well-being of persons with disabilities and to subsidize certain costs of providing prescription drugs and pharmaceutical services to persons with disabilities.

Existing law establishes a program to provide subsidies for senior citizens and persons with disabilities for the cost of prescription drugs and pharmaceutical services and, for senior citizens, other benefits, including, without limitation, dental and vision benefits. (NRS 439.635-439.690, 439.705-439.795) **Sections 4 and 5** of this bill specifically add, to the extent money is available, hearing aids and other hearing devices to the list of benefits available for both senior citizens and persons with disabilities pursuant to these programs. **Sections 4 and 6** also make persons with disabilities eligible for the same additional benefits for which senior citizens are currently eligible under existing law, including, without limitation, dental and vision benefits. This bill also allows certain veterans to receive such benefits if they qualify as a senior citizen or person with a disability.

The Grants Management Advisory Committee provides assistance to the Department in the allocation and administration of certain grants administered by

the Department. (NRS 232.383, 232.385) **Section 9** of this bill increases the membership of the Advisory Committee.

Section 11 of this bill repeals the Task Force for the Fund for a Healthy Nevada.
