EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to public health; revising the percentages of and the manner of allocating money in the Fund for a Healthy Nevada for certain programs; revising provisions governing the subsidies from the Fund for the cost of prescription drugs, pharmaceutical services and certain other benefits; revising the membership and duties of the Grants Management Advisory Committee; repealing the Task Force for the Fund for a Healthy Nevada; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Task Force for the Fund for a Healthy Nevada makes allocations, or reserves for allocation or expenditure by the Department of Health and Human Services or the Aging Services Division of that Department, certain percentages of money in the Fund for a Healthy Nevada for certain programs and services. (NRS 439.630) **Section 3** of this bill eliminates the role of the Task Force in making allocations of money from the Fund and requires the Department to make such allocations itself.

Section 3 of this bill revises the percentages of revenues deposited in the Fund that are required to be allocated for prescription drugs and pharmaceutical services for persons with disabilities. **Section 3** also revises the percentages of revenues deposited in the Fund that are required to be expended for programs to assist persons with disabilities to live independently.

* A B 1 8 2 R 2 *

Section 3 of this bill requires that the money allocated for programs relating to tobacco use be expended with an emphasis on programs that prevent the use of tobacco by children. **Section 3** also requires the Department to allocate 10 percent of available revenues for programs that improve health services for children, with an emphasis on the oral health of children.

Existing law establishes a program to provide subsidies for senior citizens and persons with disabilities for the cost of prescription drugs and pharmaceutical services and, for senior citizens, other benefits, including, without limitation, dental and vision benefits. (NRS 439.635-439.690, 439.705-439.795) **Sections 3, 4 and 5** of this bill specifically add, to the extent money is available, hearing aids and other hearing devices to the list of benefits available for both senior citizens and persons with disabilities pursuant to these programs. **Sections 3 and 5** also make persons with disabilities eligible for the same additional benefits for which senior citizens are currently eligible under existing law, including, without limitation, dental and vision benefits. This bill also allows certain veterans to receive such benefits if they qualify as a senior citizen or person with a disability.

The Grants Management Advisory Committee provides assistance to the Department in the allocation and administration of certain grants administered by the Department. (NRS 232.383, 232.385) **Section 6.3** of this bill increases the membership of the Advisory Committee.

Section 6.7 of this bill repeals the Task Force for the Fund for a Healthy Nevada.
