CHAPTER.....

AN ACT relating to motor vehicles; requiring the owner of a motor vehicle that has been declared a total loss to forward the endorsed certificate of title to the insurance company within 30 days after accepting a settlement; requiring the Department of Motor Vehicles to issue a salvage title or nonrepairable vehicle certificate to an insurance company for a salvage vehicle in the absence of an endorsed certificate of title under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that when an insurance company acquires a motor vehicle as a result of a settlement in which a motor vehicle has been declared a total loss, the owner of the motor vehicle must endorse and forward the certificate of title to the motor vehicle to the insurance company. The insurance company must then forward the endorsed certificate of title, together with an application for a salvage title to the Department of Motor Vehicles within 30 days after receipt of the endorsed certificate of title. (NRS 487.800) **Section 2** of this bill requires the owner of the motor vehicle who is relinquishing ownership to forward the endorsed certificate of title to the insurance company within 30 days after accepting the settlement.

Existing law provides that if an endorsed certificate of title is not available, any applicant may apply to the Department for a salvage title. The Department may examine the circumstances and review affidavits or other information and, if satisfied the applicant is entitled to a salvage title, issue the salvage title. (NRS 487.820) **Section 2** of this bill requires the Department to issue a salvage title or nonrepairable vehicle certificate to an insurance company if the insurance company submits an application, without an endorsed certificate of title, to the Department for a motor vehicle that has been declared a total loss together with certain documentation.
