AN ACT relating to cooperative agreements; revising provisions relating to certain cooperative agreements entered into by housing authorities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, state and local governmental agencies in this State, including a housing authority, may enter into cooperative agreements with public agencies of other states or the Federal Government for the purchase of certain insurance or the establishment of a self-insurance reserve or fund for certain coverage. (NRS 277.055) This bill authorizes a housing authority that is a party to such an agreement with one or more housing authorities that are agencies of another state or the Federal Government to be obligated to pledge revenues or contribute money to secure the obligations of or to pay the expenses of the cooperative undertaking. This bill also authorizes such an agreement to provide for the establishment of a separate entity to administer the cooperative undertaking, the powers of which may include the authority to issue bonds and notes under state law. The authority provided in this bill to housing authorities that enter into an interstate agreement with other housing authorities concerning insurance is the same authority that is granted to state and local governmental agencies in this State which enter into an intrastate cooperative agreement concerning insurance. (NRS 277.067, 277.069, 277.0695)
