

Assembly Bill No. 4—Assemblyman Mabey

CHAPTER.....

AN ACT relating to civil actions; revising certain provisions providing immunity from civil liability for certain medical facilities and certain medical professionals who render certain emergency care or assistance under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides immunity from civil liability to certain medical professionals who provide certain services at the scene of an emergency or during the transportation of a person from the scene of an emergency. (Subsection 1 of NRS 41.505) **Sections 2 and 5** of this bill move that immunity into a new separate section.

Existing law provides immunity from civil liability to certain medical professionals who provide emergency obstetrical care or assistance to a pregnant woman during the birth of a child and the medical facilities in which such care or assistance is rendered for damages caused by the care or assistance if certain conditions are satisfied. (Subsection 3 of NRS 41.505) **Sections 3 and 5** of this bill move that immunity into a new separate section.

Existing law provides immunity from civil liability to physicians and nurses who render emergency care or assistance gratuitously and in good faith in an emergency in certain circumstances. An exception is included in that provision so that it does not apply if the provision concerning immunity to physicians who provide obstetrical care or assistance to a pregnant woman during labor or the delivery of a child applies. **Section 5** of this bill removes that exception and specifies that the immunity applies to emergency obstetrical care or assistance which is provided gratuitously and in good faith.

SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
