

Assembly Bill No. 517–Committee on Elections, Procedures,
Ethics, and Constitutional Amendments

CHAPTER.....

AN ACT relating to elections; eliminating various obsolete provisions; providing that a voter registration card does not provide proof of the identity, address or residence of a person; authorizing certain registered voters to submit absent ballots by facsimile machine; revising the definition of “candidate” for the purposes of requirements relating to campaign finance; requiring that the signatures on a petition for an initiative or referendum must be submitted to each county clerk on the same day if circulated in more than one county; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law makes various references to punch card ballots and the duties of various persons in relation to punch card ballots. (Title 24 of NRS) **Sections 1, 3, 4, 7-20, 24-31, 33, 35-48, 50-53 and 57-59** of this bill eliminate these provisions.

Existing law requires a person to furnish proof of identity or residence when filing a declaration or acceptance of candidacy, when registering to vote or when voting in certain circumstances. (NRS 293.177, 293.2725, 293.303, 293.517, 293.541, 293C.185, 293C.292) **Sections 2, 5, 6, 21, 22, 32 and 34** of this bill provide that a voter registration card does not provide proof of address, identity or residence.

Existing law authorizes any registered voter who resides outside the continental United States to use a facsimile machine to request an absent ballot. The county clerk shall use a facsimile machine to send an absent ballot to the registered voter, and the registered voter is required to return his absent ballot by mail. (NRS 293.3157) **Sections 7.5 and 35.5** of this bill authorize a registered voter who resides outside the continental United States and uses a facsimile machine to request an absent ballot and to choose whether to return the ballot by facsimile or mail.

Existing law requires that a sample ballot be mailed to each registered voter before the period for early voting at an election begins, but not later than 10 days before the election. (NRS 293.565, 293C.530) **Sections 23 and 49** of this bill require that the sample ballots be mailed before the period of early voting for the election begins.

Existing law defines the term “candidate” for the purposes of the campaign finance laws to include anyone who has filed a declaration or acceptance of candidacy, anyone whose name appears on an official ballot or anyone who has accepted more than \$100. (NRS 294A.005) **Section 54** of this bill clarifies that a candidate is anyone who has accepted more than \$100, regardless of whether the person has filed a declaration or acceptance of candidacy or whether the name of the person appears on an official ballot.

Existing law requires that all documents submitted to a county clerk for signature verification on a petition for an initiative or referendum must be submitted at the same time. (NRS 295.056) **Section 55** of this bill requires that all documents submitted for signature verification on a petition for an initiative or referendum which was circulated in more than one county must be submitted to each county clerk on the same day.

Existing law authorizes the Secretary of State to issue a fictitious address to a person who has been the victim of domestic violence, sexual assault or stalking. (NRS 217.462-217.471) The Secretary of State is authorized to cancel the fictitious address of a person in certain circumstances. (NRS 217.468) **Section 56** of this bill provides that the Secretary of State may cancel a fictitious address if the person files a declaration or acceptance of candidacy.

Such a ballot must be voted on the premises of a polling place for early voting established pursuant to NRS 293.3564 or 293.3572 and returned to the election board. If the ballot is a paper ballot ~~[, a ballot which is voted by punching a card]~~ or a ballot which is voted by any other system authorized by state or federal

law, the election board shall follow the same procedure as in the case of absent ballots received by mail.

Sec. 13. NRS 293.3585 is hereby amended to read as follows:

293.3585 1. Upon the appearance of a person to cast a ballot for early voting, the deputy clerk for early voting shall:

- (a) Determine that the person is a registered voter in the county;
- (b) Instruct the voter to sign the roster for early voting; and
- (c) Verify the signature of the voter against that contained on the original application to register to vote or facsimile thereof, the card issued to the voter at the time of registration or some other piece of official identification.

Sec. 14. NRS 293.359 is hereby amended to read as follows:

293.359 The ballot box for early voting in which voted ballots which are paper ballots ~~for ballots which are voted by punching a~~

~~card~~] are deposited must have two numbered seals, and must be designed and constructed so that the box can be sealed to detect any unauthorized opening of the box and that the ballot slot can be sealed to prevent any unauthorized deposit in the box. The seals for the boxes must be serially numbered for each election.

Sec. 15. NRS 293.3602 is hereby amended to read as follows:

293.3602 If paper ballots ~~for ballots which are voted by punching a card~~ are used during the period for early voting by personal appearance:

1. Each voting day during that period, the ballots voted at the permanent or temporary polling place may be removed from the ballot box and neatly stacked in a container that is sealed with a numbered seal after the ballots are stacked inside. The ballot box or sealed container must be delivered by an election board officer to the county clerk's office at the close of each voting day. The seal on the ballot box or container must indicate the number of voted ballots contained in that box or container for that day.

2. When the ballot box or container is delivered pursuant to subsection 1, the county clerk shall provide a new ballot box sealed in the manner prescribed in NRS 293.359.

3. At the close of each voting day before the fourth voting day before the last day to vote early, the county clerk may deliver all ballots voted to the ballot board for early voting. At the close of the fourth voting day before the last day to vote early and at the close of each of the 3 days thereafter, the county clerk shall deliver all ballots voted to the ballot board for early voting. At the close of the last voting day, the county clerk shall deliver to the ballot board for early voting:

- (a) Each remaining ballot box and container that holds the ballots voted early by personal appearance;

- (b) A voting roster of all persons who voted early by personal appearance; and

- (c) Any list of registered voters used in conducting early voting.

4. Upon the receipt of ballots, the board shall:

- (a) Remove all ballots from the ballot boxes and containers and sort the ballots by precinct or voting district;

- (b) Count the number of ballots by precinct or voting district;

- (c) Account for all ballots on an official statement of ballots; and

- (d) Place all official ballots in the container provided to transport those items to a central counting place and seal the container with a numbered seal. The official statement of ballots must accompany the voted ballots to the central counting place.

5. The county clerk shall allow members of the general public to observe the handling of the ballots pursuant to subsections 1 and 4 if those members do not interfere with the handling of the ballots.

Sec. 16. NRS 293.363 is hereby amended to read as follows:

293.363 When the polls are closed, the counting board shall prepare to count the ballots voted. The counting procedure must be public and continue without adjournment until completed. If the ballots are paper ballots, ~~for ballots which are voted by punching a card,~~ the counting board shall prepare in the following manner:

1. The pollbooks must be compared and errors corrected until the books agree.

2. The container that holds the ballots, or the ballot box must be opened and the ballots contained therein counted by the counting board and opened far enough to ascertain whether each ballot is single. If two or more ballots are found folded together to present the appearance of a single ballot, they must be laid aside until the count of the ballots is completed. If, on comparison of the count with the pollbook, a majority of the inspectors are of the opinion that the ballots folded together were voted by one person, the ballots must be rejected and placed in an envelope, upon which must be written the reason for their rejection. The envelope must be signed by the counting board officers and placed in the container or ballot box after the count is completed.

3. If the ballots in the container or box are found to exceed in number the number of names on the pollbooks, the ballots must be replaced in the container or box, and a counting board officer, with his back turned to the container or box, shall draw out a number of ballots equal to the excess. The excess ballots must be marked on the back thereof with the words "Excess ballots not counted." The ballots when so marked must be immediately sealed in an envelope and returned to the county clerk with the other ballots rejected for any cause.

4. When it has been ascertained that the pollbook and the number of ballots agree with the number of names of registered voters shown to have voted, the board shall proceed to count. If there is a discrepancy between the number of ballots and the number of voters, a record of the discrepancy must be made.

Sec. 17. NRS 293.367 is hereby amended to read as follows:

293.367 1. The basic factor to be considered by an election board when making a determination of whether a particular ballot must be rejected is whether any identifying mark appears on the ballot which, in the opinion of the election board, constitutes an identifying mark such that there is a reasonable belief entertained in

good faith that the ballot has been tampered with and, as a result of the tampering, the outcome of the election would be affected.

2. The regulations for counting ballots must include provisions that:

(a) An error in marking one or more votes on a ballot does not invalidate any votes properly marked on that ballot.

(b) A soiled or defaced ballot may not be rejected if it appears that the soiling or defacing was inadvertent and was not done purposely to identify the ballot.

(c) Only devices provided for in this chapter or chapter 293B of NRS may be used in marking ballots.

(d) It is unlawful for any election board officer to place any mark upon any ballot other than a spoiled ballot.

(e) When an election board officer rejects a ballot for any alleged defect or illegality, the officer shall seal the ballot in an envelope and write upon the envelope a statement that it was rejected and the reason for rejecting it. Each election board officer shall sign the envelope.

~~[(f) In counties where mechanical voting systems are used whereby a vote is cast by punching a card, a superfluous punch into any card does not constitute grounds for rejection of the ballot unless the election board determines that the condition of the ballot justifies its exclusion pursuant to subsection 1.]~~

Sec. 18. NRS 293.3677 is hereby amended to read as follows:

293.3677 1. When counting a vote in an election, if more choices than permitted by the instructions for a ballot are marked for any office or question, the vote for that office or question may not be counted.

2. Except as otherwise provided in subsection 1, in an election in which a paper ballot is used whereby a vote is cast by placing a cross in the designated square on the paper ballot, a vote on the ballot must not be counted unless indicated by a cross in the designated square.

3. ~~[(Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by punching a card:~~

~~—(a) A chip on the card must be counted as a vote if:~~

~~—(1) The chip has at least one corner that is detached from the card; or~~

~~—(2) The fibers of paper on at least one edge of the chip are broken in a way that permits unimpeded light to be seen through the card.~~

~~—(b) A writing or other mark on the card, including, without limitation, a cross, check, tear or scratch, may not be counted as a~~

~~vote. The remaining votes on such a card must be counted unless the ballot is otherwise disqualified.~~

~~—4.]~~ Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by darkening a designated space on the ballot:

(a) A vote must be counted if the designated space is darkened or there is a writing in the designated space, including, without limitation, a cross or check; and

(b) Except as otherwise provided in paragraph (a), a writing or other mark on the ballot, including, without limitation, a cross, check, tear or scratch may not be counted as a vote.

~~[5.]~~ 4. The Secretary of State:

(a) May adopt regulations establishing additional uniform, statewide standards, not inconsistent with this section, for counting a vote cast by a method of voting described in subsection 2 ~~[, 3 or 4.]~~ ~~or 3;~~ and

(b) Shall adopt regulations establishing uniform, statewide standards for counting a vote cast by each method of voting used in this State that is not described in subsection 2 ~~[, 3 or 4.]~~ ~~or 3,~~ including, without limitation, a vote cast on a mechanical recording device which directly records the votes electronically.

Sec. 19. NRS 293.373 is hereby amended to read as follows:

293.373 If paper ballots ~~[or ballots which are voted by punching a card]~~ are used:

1. After the tally lists have been completed, the voted ballots, rejected ballots, tally lists for regular ballots, tally list for rejected ballots, challenge list, stubs of used ballots, spoiled ballots and unused ballots must be sealed under cover by the counting board officers and addressed to the county clerk.

2. The other pollbooks, tally lists and election board register must be returned to the county clerk.

Sec. 20. NRS 293.385 is hereby amended to read as follows:

293.385 1. After 8 a.m. on election day, the counting board, if it is responsible for counting absent ballots, or the absent ballot central counting board shall withdraw from the appropriate ballot boxes or containers all the ballots received the previous day and ascertain that each box or container has the required number of ballots according to the county clerk's absent voters' ballot record.

2. If any absent ballots are received by the county clerk on election day pursuant to NRS 293.316, the county clerk shall deposit the absent ballots in the appropriate ballot boxes or containers.

3. After 8 a.m. on election day, the appropriate board shall count in public the votes cast on the absent ballots.

4. If paper ballots are used, the results of the absent ballot vote in each precinct must be certified and submitted to the county clerk who shall have the results added to the regular votes of the precinct. ~~[If a mechanical voting system is used in which a voter casts his ballot by punching a card which is counted by a computer, the absent ballots may be counted with the regular votes of the precinct.]~~ The returns of absent ballots must be reported separately from the regular votes of the precinct, unless reporting the returns separately would violate the secrecy of a voter's ballot. The county clerks shall develop a procedure to ensure that each ballot is kept secret.

5. Any person who disseminates to the public in any way information pertaining to the count of absent ballots before the polls close is guilty of a misdemeanor.

Sec. 21. NRS 293.517 is hereby amended to read as follows:

5. The city clerk shall allow members of the general public to observe the handling of the ballots pursuant to subsections 1 and 4 if those members do not interfere with the handling of the ballots.

Sec. 44. NRS 293C.362 is hereby amended to read as follows:

293C.362 When the polls are closed, the counting board shall prepare to count the ballots voted. The counting procedure must be public and continue without adjournment until completed. If the ballots are paper ballots, ~~for ballots that are voted by punching a card,~~ the counting board shall prepare in the following manner:

1. The pollbooks must be compared and errors corrected until the books agree.

2. The container that holds the ballots ~~[]~~ or the ballot box must be opened and the ballots contained therein counted by the counting board and opened far enough to determine whether each ballot is single. If two or more ballots are found folded together to present the appearance of a single ballot, they must be laid aside until the count of the ballots is completed. If, on comparison of the count with the pollbook, a majority of the inspectors are of the opinion that the ballots folded together were voted by one person, the ballots must be rejected and placed in an envelope, upon which must be written the reason for their rejection. The envelope must be signed by the counting board officers and placed in the container or ballot box after the count is completed.

3. If the ballots in the container or box are found to exceed the number of names on the pollbooks, the ballots must be replaced in the container or box and a counting board officer shall, with his back turned to the container or box, draw out a number of ballots equal to the excess. The excess ballots must be marked on the back thereof with the words “Excess ballots not counted.” The ballots when so marked must be immediately sealed in an envelope and returned to the city clerk with the other ballots rejected for any cause.

4. When it has been determined that the pollbook and the number of ballots agree with the number of names of registered

voters shown to have voted, the board shall proceed to count. If there is a discrepancy between the number of ballots and the number of voters, a record of the discrepancy must be made.

Sec. 45. NRS 293C.367 is hereby amended to read as follows:

293C.367 1. The basic factor to be considered by an election board when making a determination of whether a particular ballot must be rejected is whether any identifying mark appears on the ballot which, in the opinion of the election board, constitutes an identifying mark such that there is a reasonable belief entertained in good faith that the ballot has been tampered with and, as a result of the tampering, the outcome of the election would be affected.

2. Regulations for counting ballots must include provisions that:

(a) An error in marking one or more votes on a ballot does not invalidate any votes properly marked on that ballot.

(b) A soiled or defaced ballot may not be rejected if it appears that the soiling or defacing was inadvertent and was not done purposely to identify the ballot.

(c) Only devices provided for in this chapter, chapter 293 or 293B of NRS may be used in marking ballots.

(d) It is unlawful for any election board officer to place any mark upon any ballot other than a spoiled ballot.

(e) When an election board officer rejects a ballot for any alleged defect or illegality, the officer shall seal the ballot in an envelope and write upon the envelope a statement that it was rejected and the reason for rejecting it. Each election board officer shall sign the envelope.

~~[(f) In cities where mechanical voting systems are used whereby a vote is cast by punching a card, a superfluous punch into any card does not constitute grounds for rejection of the ballot unless the election board determines that the condition of the ballot justifies its exclusion pursuant to subsection 1.]~~

Sec. 46. NRS 293C.369 is hereby amended to read as follows:

293C.369 1. When counting a vote in an election, if more choices than permitted by the instructions for a ballot are marked for any office or question, the vote for that office or question may not be counted.

2. Except as otherwise provided in subsection 1, in an election in which a paper ballot is used whereby a vote is cast by placing a cross in the designated square on the paper ballot, a cross in the designated square must be counted as a vote.

3. ~~[(Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by punching a card:~~

~~—(a) A chip on the card must be counted as a vote if:~~
~~—(1) The chip has at least one corner that is detached from the card; or~~
~~—(2) The fibers of paper on at least one edge of the chip are broken in a way that permits unimpeded light to be seen through the card.~~
~~—(b) A writing or other mark on the card, including, without limitation, a cross, check, tear or scratch, may not be counted as a vote. The remaining votes on such a card must be counted unless the ballot is otherwise disqualified.~~

~~—4.]~~ Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by darkening a designated space on the ballot:

(a) A vote must be counted if the designated space is darkened or there is a writing in the designated space, including, without limitation, a cross or check; and

(b) Except as otherwise provided in paragraph (a), a writing or other mark on the ballot, including, without limitation, a cross, check, tear or scratch may not be counted as a vote.

~~[5.]~~ 4. The Secretary of State:

(a) May adopt regulations establishing additional uniform, statewide standards, not inconsistent with this section, for counting a vote cast by a method of voting described in subsection 2 ~~[, 3 or 4.]~~ **or 3;** and

Sec. 47. NRS 293C.375 is hereby amended to read as follows:

3. After 8 a.m. on election day, the appropriate board shall count in public the votes cast on the absent ballots.

The city clerks shall develop a procedure to ensure that each ballot is kept secret.

5. Any person who disseminates to the public information relating to the count of absent ballots before the polls close is guilty of a misdemeanor.

Sec. 49. NRS 293C.530 is hereby amended to read as follows:
