Legislative Counsel's Digest:

Under existing law, the State Treasurer may approve using money in the State Permanent School Fund to guarantee up to \$25,000,000 in bonds issued by a school district. (NRS 387.516) **Section 1** of this bill increases the maximum allowable amount of outstanding bonds of a school district that may be guaranteed under this provision to \$40,000,000.

The Legislature submitted to the voters of this State at the general election held on November 5, 2002, a proposal to issue general obligation bonds of the State to protect, preserve and obtain the benefits of the property and natural resources of this State in an amount not to exceed \$200,000,000. (Chapter 6, Statutes of Nevada 2001, 17th Special Session, p. 104) The proposal was approved by the voters at the general election. NRS 349.078 prohibits the issuance of bonds more than 6 years after an election that is required to authorize their issuance. **Section 2** of this bill extends the period for issuance of those bonds until December 31, 2011.
