25 *Higher Education.*

26 4. Except as otherwise provided in this subsection, the
27 Department shall determine that a public school has failed to make
28 adequate yearly progress if any subgroup identified in paragraph (b)
29 of subsection 1 of NRS 385.361 does not satisfy the annual
30 measurable objectives established by the State Board pursuant to
31 that section. To comply with 20 U.S.C. § 6311(b)(2)(I) and the
32 regulations adopted pursuant thereto, the State Board shall prescribe
33 by regulation the conditions under which a school shall be deemed

36 satisfy the annual measurable objectives of the State Board.

37 5. In addition to the provisions of subsection 4, the Department
38 shall determine that a public school has failed to make adequate

43 percent of all pupils enrolled in the school who were required to
44 take the examinations; or

(b) Except as otherwise provided in subsection 6, for each subgroup of pupils identified in paragraph (b) of subsection 1 of NRS 385.361, the number of pupils in the subgroup enrolled in the school who took the examinations administered pursuant to NRS 389.550 or the high school proficiency examination, as applicable, is less than 95 percent of all pupils in that subgroup enrolled in the school who were required to take the examinations.

6. If the number of pupils in a particular subgroup who are enrolled in a public school is insufficient to yield statistically reliable information:

(a) The Department shall not determine that the school has failed to make adequate yearly progress pursuant to paragraph (b) of subsection 5 based solely upon that particular subgroup.

(b) The pupils in such a subgroup must be included in the overall count of pupils enrolled in the school who took the examinations.

➤ The State Board shall prescribe the mechanism for determining the number of pupils that must be in a subgroup for that subgroup to yield statistically reliable information.

7. If an irregularity in testing administration or an irregularity in testing security occurs at a school and the irregularity invalidates the test scores of pupils, those test scores must be included in the scores of pupils reported for the school, the attendance of those pupils must be counted towards the total number of pupils who took the examinations and the pupils must be included in the total number of pupils who were required to take the examinations.

8. As used in this section:

(a) "Irregularity in testing administration" has the meaning ascribed to it in NRS 389.604.

21 pursuant to this subsection must not be designated as a conditional
22 charter or a provisional charter or otherwise contain any other

24 period.

25 ~~[7-]~~ 8. The holder of a written charter that is issued pursuant to
26 subsection ~~[6]~~ 7 shall not commence operation of the charter school
27 and is not eligible to receive apportionments pursuant to NRS

41 participate in an extracurricular activity, excluding sports, at a
42 public school within the school district if:

43 (a) Space for the pupil in the class or extracurricular activity is
44 available; and

(b) The parent or legal guardian demonstrates to the satisfaction of the board of trustees that the pupil is qualified to participate in the class or extracurricular activity.

➡ If the board of trustees of a school district authorizes a pupil to participate in a class or extracurricular activity, excluding sports, pursuant to this subsection, the board of trustees is not required to provide transportation for the pupil to attend the class or activity. The provisions of this subsection do not apply to a pupil who is enrolled in a charter school and who desires to participate on a part-time basis in a program of distance education provided by the board of trustees of a school district pursuant to NRS 388.820 to 388.874, inclusive. Such a pupil must comply with NRS 388.858.

5. Upon the request of a parent or legal guardian of a pupil who is enrolled in a charter school, the board of trustees of the school district in which the charter school is located shall authorize the pupil to participate in sports at the public school that he would otherwise be required to attend within the school district, or upon approval of the board of trustees, any public school within the same zone of attendance as the charter school if:

(a) Space is available for the pupil to participate; and

(b) The parent or legal guardian demonstrates to the satisfaction of the board of trustees that the pupil is qualified to participate.

➡ If the board of trustees of a school district authorizes a pupil to participate in sports pursuant to this subsection, the board of trustees is not required to provide transportation for the pupil to participate.

6. The board of trustees of a school district may revoke its approval for a pupil to participate in a class, extracurricular activity or sports at a public school pursuant to subsections 4 and 5 if the board of trustees or the public school determines that the pupil has failed to comply with applicable statutes, or applicable rules and regulations of the board of trustees, the public school or an association for interscholastic activities. If the board of trustees so revokes its approval, neither the board of trustees nor the public school is liable for any damages relating to the denial of services to the pupil.

Sec. 25. NRS 386.570 is hereby amended to read as follows:

386.570 1. Each pupil who is enrolled in a charter school, including, without limitation, a pupil who is enrolled in a program of special education in a charter school, must be included in the count of pupils in the school district for the purposes of apportionments and allowances from the State Distributive School Account pursuant to NRS 387.121 to 387.126, inclusive, unless the pupil is exempt from compulsory attendance pursuant to NRS 392.070. A charter school is entitled to receive its proportionate share of any other money available from federal, state or local

1 sources that the school or the pupils who are enrolled in the school
2 are eligible to receive. If a charter school receives special education
3 program units directly from this State, the amount of money for
4 special education that the school district pays to the charter school
5 may be reduced proportionately by the amount of money the charter
6 school received from this State for that purpose.

7 2. All money received by the charter school from this State or
8 from the board of trustees of a school district must be deposited in a
9 bank, credit union or other financial institution in this State. The
10 governing body of a charter school may negotiate with the board of
11 trustees of the school district and the State Board for additional
12 money to pay for services which the governing body wishes to offer.

13 3. Upon completion of a school year, the sponsor of a charter
14 school may request reimbursement from the governing body of the
15 charter school for the administrative costs associated with
16 sponsorship for that school year if the sponsor provided
17 administrative services during that school year. *The request must*
18 *include an itemized list of those costs.* Upon receipt of such a
19 request, the governing body shall pay the reimbursement to the
20 board of trustees of the school district ~~or~~ if the board of trustees
21 sponsors the charter school, ~~or~~ to the Department if the State
22 Board sponsors the charter school ~~or~~ *or to the college or university*
23 *within the Nevada System of Higher Education if that institution*
24 *sponsors the charter school.* If a governing body fails to pay the
25 reimbursement, the charter school shall be deemed to have violated
26 its written charter and the sponsor may take such action to revoke
27 the written charter pursuant to NRS 386.535 as it deems necessary.
28 If the board of trustees of a school district is the sponsor of a charter
29 school, the amount of money that may be paid to the sponsor
30 pursuant to this subsection for administrative expenses in 1 school
31 year must not exceed:

32 (a) For the first year of operation of the charter school, 2 percent
33 of the total amount of money apportioned to the charter school
34 during the year pursuant to NRS 387.124.

35 (b) For any year after the first year of operation of the charter
36 school, 1 percent of the total amount of money apportioned to the
37 charter school during the year pursuant to NRS 387.124.

38 4. If the State Board *or a college or university within the*
39 *Nevada System of Higher Education* is the sponsor of a charter
40 school, the amount of money that may be paid to the Department *or*
41 *to the institution, as applicable,* pursuant to subsection 3 for
42 administrative expenses in 1 school year must not exceed:

43 (a) For the first year of operation of the charter school, 2 percent
44 of the total amount of money apportioned to the charter school
45 during the year pursuant to NRS 387.124.

(b) For any year after the first year of operation of the charter school, 1.5 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

5. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of the school year of the school district, based on the number of pupils whose applications for enrollment have been approved by the charter school. The count of pupils who are enrolled in the charter school must be revised on the last day of the first school month of the school district in which the charter school is located for the school year, based on the actual number of pupils who are enrolled in the charter school. Pursuant to subsection 5 of NRS 387.124, the governing body of a charter school may request that the apportionments made to the charter school in its first year of operation be paid to the charter school 30 days before the apportionments are otherwise required to be made.

6. If a charter school ceases to operate as a charter school during a school year, the remaining apportionments that would have been made to the charter school pursuant to NRS 387.124 for that year must be paid on a proportionate basis to the school districts where the pupils who were enrolled in the charter school reside.

7. The governing body of a charter school may solicit and accept donations, money, grants, property, loans, personal services or other assistance for purposes relating to education from members of the general public, corporations or agencies. The governing body may comply with applicable federal laws and regulations governing the provision of federal grants for charter schools. The State Board may assist a charter school that operates exclusively for the enrollment of pupils who receive special education in identifying sources of money that may be available from the Federal Government or this State for the provision of educational programs and services to such pupils.

8. If a charter school uses money received from this State to purchase real property, buildings, equipment or facilities, the governing body of the charter school shall assign a security interest in the property, buildings, equipment and facilities to the State of Nevada.

Sec. 26. NRS 386.610 is hereby amended to read as follows:

386.610 1. On or before August 15 of each year, if the board of trustees of a school district *or a college or university within the Nevada System of Higher Education* sponsors a charter school, the board of trustees *or the institution, as applicable,* shall submit a written report to the State Board. The written report must include:

(a) An evaluation of the progress of each charter school sponsored by the board of trustees *or institution, as applicable*, in achieving its educational goals and objectives.

(b) A description of all administrative support and services provided by the school district *or institution, as applicable*, to the charter school.

2. The governing body of a charter school shall, after 3 years of operation under its initial charter, submit a written report to the sponsor of the charter school. The written report must include a description of the progress of the charter school in achieving its educational goals and objectives. If the charter school submits an application for renewal in accordance with the regulations of the Department, the sponsor may renew the written charter of the school pursuant to subsection 2 of NRS 386.530.

Sec. 27. Chapter 387 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The board of trustees of a school district that includes a charter school which satisfies the requirements of subsection 1 of section 15 of this act, regardless of the sponsor of the charter school, shall provide money or financing for school facilities for those charter schools in an amount equal to 1 percent of the proceeds of all bonds issued by the school district for school facilities after July 1, 2007. This percentage is solely a measure of the amount for use by charter schools pursuant to this section and does not authorize or require a school district to set aside or in any way hold bond proceeds.

2. The governing body of a charter school that satisfies the requirements of subsection 1 of section 15 of this act may submit an application for money from the school district in which the charter school is located, regardless of the sponsor of the charter school, for the construction, alteration or remodel of a facility for the charter school. The application must include:

(a) A description of the project;

(b) The cost of the project;

(c) The amount requested by the governing body; and

(d) Unless standard plans, designs and specifications adopted by the State Board of Education pursuant to NRS 385.125 are to be used for the project, proof that the plans for the project have been approved by the State Public Works Board or local building department, as applicable, for the county.

3. Upon receipt of an application, the board of trustees of a school district shall provide a grant of money to the governing body of the charter school to the extent that money or other financing is available pursuant to subsection 1 if the application submitted by the governing body satisfies the requirements of

1 *subsection 2. The board of trustees shall ensure that the money*
2 *available is distributed in a fair and equitable manner among*
3 *those charter schools that submit applications which comply with*
4 *this section.*

5 *4. If a charter school does not use the money provided*
6 *pursuant to subsection 3 in the manner set forth in its application,*
7 *the charter school shall repay the entire amount provided to the*
8 *school district. If a charter school completes the project for which*
9 *the money was provided and a portion of that money remains*
10 *unexpended, the charter school shall repay the unexpended*
11 *portion to the school district.*

12 *5. The board of trustees of each school district that includes*
13 *one or more charter schools which satisfy the requirements of*
14 *subsection 1 of section 15 of this act shall adopt a policy*
15 *prescribing the procedure for the submission of applications by*
16 *those charter schools and the annual deadline for submission of*
17 *applications.*

18 **Sec. 28.** NRS 387.124 is hereby amended to read as follows:

19 387.124 Except as otherwise provided in this section and
20 NRS 387.528:

21 1. On or before August 1, November 1, February 1 and May 1
22 of each year, the Superintendent of Public Instruction shall
23 apportion the State Distributive School Account in the State General
24 Fund among the several county school districts and charter schools
25 in amounts approximating one-fourth of their respective yearly
26 apportionments less any amount set aside as a reserve. The
27 apportionment to a school district, computed on a yearly basis,
28 equals the difference between the basic support and the local funds
29 available pursuant to NRS 387.1235, minus all the funds attributable
30 to pupils who reside in the county but attend a charter school and all
31 the funds attributable to pupils who reside in the county and are
32 enrolled full time or part time in a program of distance education
33 provided by another school district or a charter school. No
34 apportionment may be made to a school district if the amount of the
35 local funds exceeds the amount of basic support. If an agreement is
36 not filed for a pupil who is enrolled in a program of distance
37 education as required by NRS 388.854, the Superintendent of Public
38 Instruction shall not apportion money for that pupil to the board of
39 trustees of the school district in which the pupil resides, or the board
40 of trustees or governing body that provides the program of distance
41 education.

42 2. Except as otherwise provided in subsection 3, the
43 apportionment to a charter school, computed on a yearly basis, is
44 equal to the sum of the basic support per pupil in the county in
45 which the pupil resides plus the amount of local funds available per

1 pupil pursuant to NRS 387.1235 and all other funds available for
2 public schools in the county in which the pupil resides minus all the
3 funds attributable to pupils who are enrolled in the charter school
4 but are concurrently enrolled part time in a program of distance
5 education provided by a school district or another charter school. If
6 the apportionment per pupil to a charter school is more than the
7 amount to be apportioned to the school district in which a pupil who
8 is enrolled in the charter school resides, the school district in which
9 the pupil resides shall pay the difference directly to the charter
10 school.

11 3. The apportionment to a charter school that is sponsored by
12 the State Board **H** *or a college or university within the Nevada*
13 *System of Higher Education*, computed on a yearly basis, is equal
14 to the sum of the basic support per pupil in the county in which the
15 pupil resides plus the amount of local funds available per pupil
16 pursuant to NRS 387.1235 and all other funds available for public
17 schools in the county in which the pupil resides, minus all funds
18 attributable to pupils who are enrolled in the charter school but are
19 concurrently enrolled part time in a program of distance education
20 provided by a school district or another charter school.

21 4. In addition to the apportionments made pursuant to this
22 section, an apportionment must be made to a school district or
23 charter school that provides a program of distance education for
24 each pupil who is enrolled part time in the program if an agreement
25 is filed for that pupil pursuant to NRS 388.854 or 388.858, as
26 applicable. The amount of the apportionment must be equal to the
27 percentage of the total time services are provided to the pupil
28 through the program of distance education per school day in
29 proportion to the total time services are provided during a school
30 day to pupils who are counted pursuant to subparagraph (2) of
31 paragraph (a) of subsection 1 of NRS 387.1233 for the school
32 district in which the pupil resides.

33 5. The governing body of a charter school may submit a
34 written request to the Superintendent of Public Instruction to
35 receive, in the first year of operation of the charter school, an
36 apportionment 30 days before the apportionment is required to be
37 made pursuant to subsection 1. Upon receipt of such a request, the
38 Superintendent of Public Instruction may make the apportionment
39 30 days before the apportionment is required to be made. A charter
40 school may receive all four apportionments in advance in its first
41 year of operation.

42 6. The Superintendent of Public Instruction shall apportion, on
43 or before August 1 of each year, the money designated as the
44 "Nutrition State Match" pursuant to NRS 387.105 to those school
45 districts that participate in the National School Lunch Program, 42

1 U.S.C. §§ 1751 et seq. The apportionment to a school district must
2 be directly related to the district's reimbursements for the Program
3 as compared with the total amount of reimbursements for all school
4 districts in this State that participate in the Program.

5 7. If the State Controller finds that such an action is needed to
6 maintain the balance in the State General Fund at a level sufficient
7 to pay the other appropriations from it, he may pay out the
8 apportionments monthly, each approximately one-twelfth of the
9 yearly apportionment less any amount set aside as a reserve. If such
10 action is needed, the State Controller shall submit a report to the
11 Department of Administration and the Fiscal Analysis Division of
12 the Legislative Counsel Bureau documenting reasons for the action.

13 **Sec. 29.** NRS 387.335 is hereby amended to read as follows:

14 387.335 1. The board of trustees of a county school district
15 may issue its general obligations to raise money for the following
16 purposes, and no others:

17 (a) Construction, design or purchase of new buildings for
18 schools, including, ~~{but not limited to,}~~ *without limitation, charter*
19 *schools that satisfy the requirements of subsection 1 of section 15*
20 *of this act*, teacherages, dormitories, dining halls, gymnasiums and
21 stadiums.

22 (b) Enlarging, remodeling or repairing existing buildings or
23 grounds for schools, including, ~~{but not limited to,}~~ *without*
24 *limitation, charter schools that satisfy the requirements of*
25 *subsection 1 of section 15 of this act*, teacherages, dormitories,
26 dining halls, gymnasiums and stadiums.

27 (c) Acquiring sites for building schools, or additional real
28 property for necessary purposes related to schools, including, ~~{but~~
29 ~~not limited to,}~~ *without limitation, charter schools that satisfy the*
30 *requirements of subsection 1 of section 15 of this act*, playgrounds,
31 athletic fields and sites for stadiums.

32 (d) Paying expenses relating to the acquisition of school
33 facilities which have been leased by a school district pursuant to
34 NRS 393.080.

35 (e) Purchasing necessary furniture and equipment for schools. If
36 money from the issuance of general obligations is used to purchase
37 furniture and equipment to replace existing furniture and equipment,
38 and that existing furniture and equipment subsequently is sold, the
39 proceeds from the sale must be applied toward the retirement of
40 those obligations.

41 2. Any one or more of the purposes enumerated in subsection 1
42 may, by order of the board of trustees entered in its minutes, be
43 united and voted upon as one single proposition.

44 3. Any question submitted pursuant to this section and any
45 question submitted pursuant to NRS 387.3285 may, by order of the

1 board of trustees entered in its minutes, be united and voted upon as
2 a single proposition.

3 **Sec. 30.** 1. There is hereby appropriated from the State
4 General Fund to the Department of Education the sum of
5 \$1,000,000 for distribution to charter schools that satisfy certain
6 requirements.

7 2. The governing body of a charter school that satisfies the
8 requirements of subsection 1 of section 15 of this act may submit an
9 application to the Department of Education, on a form prescribed by
10 the Department, for a grant of money in the amount of \$250,000.
11 The application must include proof satisfactory to the Department
12 that the charter school satisfies the requirements of subsection 1 of
13 section 15 of this act.

14 3. Upon receipt of an application and verification by
15 the Department of Education that the charter school satisfies the
16 requirements of subsection 1 of section 15 of this act, the
17 Department shall provide the charter school with a grant of money
18 in the amount of \$250,000. A charter school that receives a grant of
19 money shall use the money in accordance with its written charter.

20 4. Applications must be considered and accepted in the order in
21 which the applications are received. A charter school that satisfies
22 the requirements of subsection 1 of section 15 of this act is eligible
23 for one grant pursuant to this section and may not reapply after it
24 receives a grant.

25 5. Any remaining balance of the appropriation made by section
26 1 of this act must not be committed for expenditure after June 30,
27 2011, by the entity to which the appropriation is made or any entity
28 to which money from the appropriation is granted or otherwise
29 transferred in any manner, and any portion of the appropriated
30 money remaining must not be spent for any purpose after
31 September 16, 2011, by either the entity to which the money was
32 appropriated or the entity to which the money was subsequently
33 granted or transferred, and must be reverted to the State General
34 Fund on or before September 16, 2011.

35 **Sec. 31.** This act becomes effective on July 1, 2007.
